Feng Yu Jiu Tian Vol 4 Chapter 1

Feng Ming leaved the room. Instantly fresh breezes caressing his hair as he immersed into an vast seabed of flowers.

Miao Guang laughed loudly when she saw the surprise looks on Feng Ming, “Brother King have high regard for Duke Ming. Xuan Ya, a beautiful private property for Li Royal Families to be resided and never before had an outsider to spend an overnight here. Yet now Duke Ming could be seen as partial owner of this place.”

Feng Ming said coldly, “I think this is something of a stone that killing two birds of Ruo Yan. It used to hide the news of my abduction and as precaution in case I ran away.”

Miao Guang giggled likes a branch of flowers quivered; she seems to implicitly acknowledge that his deduction was correct.

Since it was Xuan Ya so there would be no retreat pathway that is there only one-way upward, therefore no guards were requiring to follow them. The two of them one after another strode slowly to cliff edge and here the wind blowing so strong that it made the sleeves bulged.

“Gorgeous.” Feng Ming looked far into the distance as eyes could sees. There was a great vast plain; the city and urban area were within sight, a river shape like a belt twisting at the foot of the cliff mountain. He sighed and eyes wandered and searching for something.

Miao Guang extremely sensitive to his feeling as she stretched her hand forward and said “Duke Ming, Xi-Rei is over there.”

Feng Ming gazed in the direction that she was pointed, a region of a very long range mountains touched blue sky, and in that place he saw grasses and branches of Xi-Rei. Suddenly he

remembered that they are now separate by thousands of miles and he did not know how he could get back, thus his face shown sadness.

“Xi-Rei King currently... should be in Bo Jian. Bo Jian location is over there.” Miao Guang navigated her pearl ivory hand to wave in midair.

Feng Ming heard mockery in her words, annoyed, thus ignored her and turned back to the room. Miao Guang was happy but upon saw Feng Ming changes oddly so she hastily followed him as she stuck out her tongue.

“Duke Ming, are you alright?” Miao Guang quickly ran and caught up a few seconds later, she become frustrated as she gripped Feng Ming’s sleeve, “No one dares to ignore me and not worry about my temper, if you’re disregard me again, I will make sure you’ll regret it.”

Feng Ming continued to brush her off but he saw her fortitude effort, though her words were vicious but her bright eyes were adorable. It was unreasonable of him as a man to be angry with a girl, it was a bad form of manner so he tones down lightly, “Your Highness let go of my hand, Feng Ming is a prisoner, do not dare to talk to you.”

“I want to talk to you even more.” Although Miao Guang was not beautiful, she still has the inner grace born of noble disposition, following him and thrown tantrums which appeared quite charming.

Feng Ming stared at her for a moment, calculated inside but remains expressionless, he acted contemplation before quietly asked her, “Why have you always deceived and harms me?”

“Who told you not to follow me to Li Kingdom?” Miao Guang eloquent argued, raising her head up and said, “There is nothing in Li Kingdom that could not be compared with Xi-Rei.”

Feng Ming knew it would be pointless to argued with an unreasonable Miao Guang who was no

doubt much more daunting in this area than Ruo Yan, he did not bother to counteract the argument and he waves the hand away and said, “Okay, fine, Li Kingdom is formidable. Ump, you want to talk to me, but what topic to discuss?”

“Whatever Duke Ming choose is fine.” Miao Guang’s eyes glowed as it stirred and reliving the wonderful times of their early days together, “Like what Duke Ming had told me before, I rather betraying the other in the world than allow the other in the world to betray me. Phrases like that, I want to hear more from you.”

Feng Ming stunned, he never thought those words would made an impact on Miao Guang that she has instilled it inside her, dryly coughed and shook his head, “The story of that country is very boring, why don’t I tell you a funnier story, Your Highness.”

Miao Guang nodded passionately, “Yes please, I really like listen to Feng Ming’s funny stories.”

Feng Ming looked around, selected a rock shelters from the wind, he took Miao Guang’s hand and they sat down.

“Today I will tell Your Highness about a story of a Queen. There is a country called United Kingdom, and the Queen of the nation was extremely capable.”

“United Kingdom? Why had I never heard of this nation?”

“The country is very far away, it is not unusual that Your Highness never heard of the place. The Queen inherited the kingdom at a very young age and had implemented many political reforms...”

The story of Queen Elizabeth flowed out from his mouth seems to be endlessly.

Miao Guang was completely absorbed into Feng Ming storytelling, the two people sat under the

rock shelter one person spoken and another listen. They were engrossed attentive over the story that by dinner time the guard had come to search for them and together they were retired back to the room.

When they were entered inside the room Miao Guang was dryly coughing.

“Caught a cold?” Feng Ming had storytelling all day that his attitude toward Miao Guang has become much gentler, “It was too windy, and we should have had come back sooner.”

“No problem. I still want to hear even if you were to continue the story till tomorrow.” Miao Guang cheerful said and smiles sweetly at Feng Ming.

The dinner was very luxurious, but Feng Ming had only half of a bowl before abandoned his chopsticks on one side.

Miao Guang saw the contour lines on Feng Ming’s face was undernourishment, pursed her lips said, “Duke Ming should eat a little more.”

“I’m already full.”

“No way, if Duke Ming gets any skinnier, Brother King certainly shall reprimand Miao Guang.”

There was a deep voice suddenly rang out from behind, “Who dare to reprimand my little sister?”

Feng Ming shocked and swung around to see Ruo Yan who had disappeared for the last few days, now stood right behind them and he no idea how long the other man had stood there.

Miao Guang happily exclaimed aloud, stood up and salutes “Brother King is back!”

“Yes.” Ruo Yan briefly smiles at Miao Guang and nodded, his eyes shifted, immediately touched on starting pale face of Feng Ming.

Miao Guang was alerted and looking at them, she perceptively handover the scroll, “The Art of War that Duke Ming has written for these last few days. Please excuse Miao Guang for departing early.” She graceful saluted and gone.

When she leaved the room the maidservants also started withdrawn to outside, even though the room is large, in a short time there only Feng Ming and Ruo Yan were remaining.

The stagnant atmosphere increasingly weighed down further, Feng Ming caught by the strong eyes gazed of Ruo Yan, feels uncomfortable, he cannot help but retreating slightly.

If he had not moved back then Ruo Yan instinct immediately would not rushed forward, in every action there is a reaction. Like a beast hunting a prey, rushed soundlessly and surrounded Feng Ming, he gently lifted his chin and laughed “Duke Ming have been lost some weight.” His fingertips were caressing the white pearl glossy cheeks.

Feng Ming feels awkward and scared, jabbered “Plead...Plead King Li to be self-respect, The Art of War I had already written as agreement.”

“The Art of War could wait till later.” Ruo Yan deep and husky voice had sent a foreboding of danger, Ruo Yan onyx eyes like abysmal black hole, making anyone would trembles under them, “Yes, let me take a look at my Duke Ming.”

‘Geez! Who is your Duke Ming?’ he swore inside, but of course did not dare say out loud, he glared at Ruo Yan hateful, and turned away.

Ruo Yan probed gently at the arrogant and timid handsome face of Feng Ming, he given into a fit

of laughter, and asked suddenly “Ruo Yan had not appeared for the last few days, are Duke Ming so indifferent to where I had gone?”

Feng Ming perceived the question was odd; Feng Ming’s heart gripped cold “Have you being away from Li Kingdom?”

“Not bad Duke Ming, please continue.” Ruo Yan satisfied.

“Gone to Xi-Rei?” Feng Ming contemplated, slowly shaken his head, “Xi-Rei route is too far, so impossible in taken for several days to returned, perhaps Bo Jian?”

Ruo Yan busted into hearty laughter, his admiration filled deepen in the eyes, nodded continue “Duke Ming is very good. How about guessing what I had done in Bo Jian? “

Feng Ming was deep in thought, suddenly shaken with shock; head look up and rolled his eyes “You ...”

“Xi-Rei King quietly leaving his country, why should I not taken this opportunity and retaliated for once, makes him badly battered and being too busy to search for Duke Ming?” Ruo Yan said coldly “The Royal Family of Bo Jian had lost Duke Ming, they were afraid of Rong Tian inconvenience questions. I just laid out a little plan; they were quickly jumped to accept the solution. If they could not deliver Duke Ming, should just dispose Xi-Rei King.”

Feng Ming eyes were cold, harshly said “Such a small Bo Jian to be resolved Rong Tian? Li King surely have underestimate Xi-Rei King.”

“I see; such confidence in Rong Tian? Duke Ming must not forget, Bo Jian is now hunting him like a fish on a cutting-board; I am of course is lending assistance.”

“Even so your men would not able to kill him.”

Ruo Yan eyes were instantly flashed, making Feng Ming heart beat faster and legs trembles.

“Ha ha” Ruo Yan gradually laughing; lower his head and ambiguously licking Feng Ming’s ear lobe gently, “It is as you have speculated, even though the Second Prince and I had join forces we have not able make a burial for him in Bo Jian. However, Rong Tian ambition plan had thwarted; he took the most beautiful woman to Bo Jian in believing that he could retake his beloved home and in the process stirred up Bo Jian’s Court, though the result was being escaped for his life, it is truly an afford done with great satisfaction.”

When Feng Ming saw Ruo Yan smug, although he was in a dangerous situation under Ruo Yan menace, he could not tolerate but answered ceaselessly sarcastic “Li King has forgotten the situation when you were once fled Xi-Rei border pursued by Tong General.”

“Duke Ming can criticise. Even if Rong Tian is safety returned back to Xe-Rei and avoid all my traps that laid away for him, he could never able to find where you’re located.” Ruo Yan arms tightened lightly; suddenly squeezed his nape, when he saw Feng Ming’s eyebrows knitted due to pain he laughed crazy “We should take this opportunity to happily resting a little.”

Feng Ming scream, “Ruo Yan, if you’re dare to touch me, I would never write down a single word.”

“It is not as if we’re having sex, simply rest a little, and why are you quickly troubled?” Rou Yan sophistry retorted, pushed Feng Ming hard down onto the bed, firmly dragging the collar and used strength to torn it apart.

Shred! The chest was careful taken good care by servants like pearl white was exposed.

The white transparent skin, almost seemed to shows the heart pounding inside, and two small exquisite nipples embed like pearl on the skin.

The curve is graceful, amid a fragile of a young man body, and under Rong Tian coaching has become solidness.

Ruo Yan is the head of a country, at a young age to adult he have been tasted many beautiful people, but for a moment was spontaneously stunned, sighed and said “Without peeling clothes, is only be counted as attractive, unbelievable that when garment has removed is unexpected exceedingly beautiful.”

Feng Ming was not listened to the moment eulogize, his hands were feverishly tried to gathering his clothes which ripped apart on his chest, but Ruo Yan has pinned him under and could not moved. In the end, he had chosen to cover his chest with his fingers; making efforts to hide his chest from Ruo Yan attacking ferocious gazes.

Ruo Yan raised an eyebrow “There is nothing wrong by looking? Duke Ming should not be so stingy.” Ruo Yan had trained martial arts since small, his muscular hands strength are like irons, easily pressed and pinned Feng Ming hand on top of the head, the white smooth chest that seduce other to lust once again was bared.

“Let me go!” Feng Ming growled like a small wounded animal, “You dare to touch me, I will ...”

“Don’t even dream of you ever going to write a single word again.” Ruo Yan chuckled
“However, I’d discovered this transaction to be not worthwhile, how Ruo Yan can abide when Duke Ming is this extremely graceful bearing?”

As if he no longer controlled himself, lower his head biting the pearl on the chest, used the tip of his tongue caressed teasing it to be harden.

Feng Ming was attacked; suddenly breathe the cold air inside.

'It is too late now, what else could I do to stop this?' In the panic his head became jumbled, almost like every neuron cells were collapse due to being scare by the dangerous circumstance.

Rong Tian face was unceasingly appeared before him.

His waist was loosened; Ruo Yan had undone the girdle.

'Is Ruo Yan going to ...' Feng Ming was staring at the gorgeous pendant lamp hanging from the ceiling; chilly screamed aloud "Rong Tian! Rong Tian!"

"Do not hesitate to shout, Rong Tian is still very far away." Ruo Yan patted Feng Ming, shows his vile visage, "If you irritated me, you'll not be well tonight."

The night wind outside was harshly roars and inside the room voices were spoken coldly whirling echoes.

When it was precisely in the moment of peril, a voice from an imperial bodyguard, who had stood outside reported "Your Majesty, an emergency have arise."

Ruo Yan pleasure was disturbed, he sprang up suddenly from the bed but his hands were not forgotten to firmly hold onto Feng Ming's hand. He was enraged with angers, "What is the military emergency situation? Go away, disturbed me once more, and I'll be beheaded you!"

"Report Brother King, the tribal of the east Earth Moon has suddenly revolted, they killed the royal officials and those on liaison duty at the garrison, and the granary and treasury were robbed clean. In the capital, the Earth Moon's spies has ambushed and plotting to burn the basilica. It is imperative, pleaded Brother King to return to the palace immediately." Miao Guang pitches were usually like silver bell, but at this moment it was sound quick and dignified.

The report seems to soothe Ruo Yan's anger slightly, though his beastly vicious look still is upon Feng Ming. His ashen face appeared without a drop of blood, and he ordered "Royal Sister, come in."

"Yes."

Miao Guang pushed the door open, stolen a glance at Feng Ming's frightening appearance, although she was uttered shock inside, did not dare to open her mouth and knelt quietly at one side.

"I'll return to the palace. Royal Sister will stay here and take care of Feng Ming." Ruo Yan was gazing directly at Miao Guang, his voice became deeper and hissy, advised "Be careful, do not make any errors."

"Brother King, be at ease."

Ruo Yan nodded slightly, bent down and aggressively bit on Feng Ming's lips, laughed grimly, "Today I'll let you go, but next time Duke Ming should not be counting on this good fortune again."

Ruo Yan immediately went off for the day, leaving only Miao Guang to care for Feng Ming. Since that night Feng Ming was especially more terrified, he knew the "Art of War" cannot deter Ruo Yan's lust, hence his mind is now focused on how to escape instead.

"On the other day Duke Ming has mentioned a style of clothes, which I have commanded it to be done quickly." Miao Guang saw Feng Ming was overwrought with anxiety so when new dawn arrived she had entered his room and tried her best to cheer him. "This is made by our best tailor based on your design, what do you think?"

Feng Ming just finished a small breakfast, still troubled as his head poke up to see Miao Guang clothed in a British Victorian noble styles that had worn at the Court of St. James which, Feng Ming had drew yesterday. The flower buds of silk decorative around the borders with tight corset at the waist, and fluffy skirt underneath. It almost like he had taken another twisted into a different space times.

Although Feng Ming extremely anxious he cannot help but laughed at the unexpected turn of events, “Your Highness, I almost did not recognise you. Indeed, very pretty, the graceful body shape is clearly revealed.”

Miao Guang was flattered by Feng Ming compliment, heart swelled, laughing sweetly and spinning around and rotated into a circle, when she finally stopped; she turned and looking at Feng Ming quietly, suddenly sighed faintly “Alas, you’re finally able to laugh. Do you not know how much I’ve been worrying about you. You did not laugh nor angry, and telling me story so languid.”

“Really? I always have been energised.” Feng Ming flatly denied, intentionally showing cheerful smiles, “The fluffy skirt must be in dome-shaped to be beautiful, did you make the petticoat that I had drawn for underskirt?”

“It’s done, that thing used iron bars with cotton to construct, really is not good to wear as an underskirt.” Miao Guang frowned, said “It’s supposed to be wearing inside, then why it required cotton to stretch over it?”

‘If I tell you why it needs to be done, how it is possible that I am able to escape?’

Feng Ming lied outrageously, “The dress is for British noble woman, especially used for marital women, the underskirt represents how the future husband and wife living together. The more solid binding of underskirt hoop and cotton would demonstrate the strength binding of their marriage.”

“I see! I did not know it was so meaningful.” Miao Guang widens with understanding.

They chatted for a while and finally returned to the “Art of War” topic, “Duke Ming...”

“Hmm?”

“Duke Ming for the last several days, you’ve not write a single word on the Art of War...” Miao Guang hesitated as she taken a look at Feng Ming.

When the Art of War was mentioned, Feng Ming looked coldly and ready to revolt “If Ruo Yan does not abide by our agreement, why should I write them.” snorted, “I should not even write the Art of War that had done three days prior.”

Miao Guang knew her brother behaviours well and those who anger him would never have a good ending. She hesitated for a moment, timidly tried to persuade him, “Duke Ming don’t have to fight against Brother King? Brother King has always admired you, now that you’re before him it would be difficult to bear. Let alone...” She paused, whispered softly in his ears “Brother King will come tonight.”

Feng Ming body shaken, turned his head to look at Miao Guang.

“Miao Guang is not deceiving Duke Ming.” Miao Guang nodded, “The last time when Brother King leaved he was very angry, this time he’ll return, if you do not handle him properly, ... likely will suffer greatly.”

The danger of Ruo Yan comings was threatening of him being forces again, he remembered of the maidservant legs’ flesh which had bitten away by the fishes and Feng Ming began his panic-struck attacked.

Feng Ming tried subduing from being scared which his face had turned ghastly green, he now lost interest in laughing with Miao Guang.

“I am a bit sleepy, want to take a little nap.” Feng Ming said lightly to Miao Guang “That clothes although is very beautiful but dressed all day long will be tired. Your Highness better changed and that piece of long skirt worn last time also not half bad.”

“That clothes and ornaments wearing by the commoner of Li Kingdom, if Brother King knew I’d worn them, would call me naughty.” Miao Guang had been very agreeable to everything Feng Ming suggest lately, she immediately called her maid to change the clothes in the inner room, after she walked out “So you really think that fluffy dresses suited me well?” In her arm carried a large skirt, so was the maid behind who hold similar shape of an umbrella underskirt.

“Hmm.” Feng Ming already laid on bed and eyes partially closed.

“Duke Ming is tired, I’ll leave now.” Miao Guang was reluctantly to part and looked at him for a while, when she turned around Feng Ming called her back.

“Princess ...”

“A?”

“That new skirt, could you leave it behind?” He saw the glimpse of Miao Guang confusion expression in her eyes, Feng Ming immediately used his playacting talent, sighed heavily, stared outside the window “I... .. I am missing my family a little bit, when I saw the clothes ...”

“Is it truth that Duke Ming came from United Kingdom which, I’d not heard off before?” Miao Guang was especially astounded.

Feng Ming sworn inside how his lie have gone beyond the limit, he promptly withdrawing, turns his head around and leaning against the pillow, wave the hand away and said “If Your Highness is reluctant, let it be, Feng Ming is just a prisoner, I have no right to make any request.” His face has shown a forceful bitter smile.

“That is not true, if Duke Ming like them, then I’ll leave it here.” Miao Guang taken a look at that pile of clothes and could not think what was odd about them.

She heard that when Duke Ming was confined in Bo Jian, he was able to find a mean to leak the information outside. This had caused a great deal of trouble to Bo Ling. However, Bo Ling could never be compared to Ruo Yan, even if Feng Ming able to reveal the location, Rong Tian could not done a thing about it.

Miao Guang contemplated the question over and over again for a while and could not find any possible omissions, she decided to do a good deed for him, and ordered for the clothes to put down, as she withdrawn quietly.

When everyone gone, Feng Ming used the corner of his eyes to double check, ensure that nobody was peeping, and immediately changed from his deject appearance, wildly jumped off the bed.

“Ha ha; finally is able to trick her.” He ran to the spot where the petticoat Miao Guang had leaved behind, checking the item intently careful for a while.

In this escapade the opponent was too clever, so Feng Ming was painfully manoeuvred his best deceptive ability. Not merely tried to become her friend and encouraged Miao Guang’s sympathy for his flight, he also needs to ensure that Miao Guang without being suspicion to make the underskirt out of her own wills.

The underskirt in his story was contained an iron frame and covered with cotton which is now became a parachute, it is good fortune that Miao Guang was not from his time, otherwise Feng

Ming cannot fool her, anyone who saw this would immediately knew what antic he was being up to.

“I was going to persuade Miao Guang to make the frame denser, pitifully Ruo Ryan is coming tonight. I may as well take a risk.” Feng Ming muttered as he worked on the underskirt making it into a layers parachute.

“Ruo Yan, you’re mistaken in believed that by ensures all the furniture in the room was fastened, so I’ll unable to make use of them to escape, that you could hold me here?” Feng Ming used all his strength to tear the clothes apart, as the same time gritted his teeth firmly “Keeping guards all roads around Xuan Ya, only allowed me to be freely inside a room, like a bird with injured wings in a cage to amuse you.” Snorted, “I show you how I’ll fly today. Who tell you to be conceited?”

Feng Ming continued to mumbling and gradually made a simple parachute.

“It’s accomplished, ha-ha!” Feng Ming feels out his work, this saving life item which he had been worked hard by his own hand. *‘Hopefully this gadget is useful; otherwise Duke Ming was capable to be the most expensive piece of meat pie.’*

He pushed the door open and carrying the parachute outside, as two imperial bodyguards cautiously arrived to meet him “Isn’t Her Highness said Your Grace is taking a nap?”

Ruo Yan had ordered unless there is danger then the imperial bodyguards are not allowed to come near his room, at least fifty steps, and not allowed to within Feng Ming’s sight for ten steps. This was a precaution against Feng Ming great beauty, he was afraid that Feng Ming used his charms on them. Therefore, the two bodyguards were a bit far away from Feng Ming, they knew of their King monopolises and intensely desire for Feng Ming, and did not even dares looked at Feng Ming carved face but heads bowed to the ground.

“I’d enough sleep; I need to go out for a walk.”

“What is in Your Grace hands...?”

“This new clothes belong to Miao Guang, today she had brought it here for me to see. I thought you’ve already seen them?” Feng Ming was at ease flashed parachute before the guards.

‘I believe they wouldn’t have a clue to this type of science and technology.’

“Duke Ming takes Her Highness’ clothes along for a walk?”

Feng Ming coldly snorted “Why? Am I not able to? Or both of you wanting to take me back inside the room?”

“We would not dare to be forceful.” The guards lowered their head promptly, “His Majesty has ordered to treat Your Grace with respect and great care, and must not be rude. As long Duke Ming do not leaves this mountain, you could do whatever that pleasing to Your Grace.”

Feng Ming was only then loosens a bit of his fists which had tightly clenched beneath the sleeves, his face laughed like an extravagant arrogance Duke Ming of Xi-Rei “If so, I’ll take a walk. If you’re needed to keep a track on me, you’re welcome to follow.”

“We would not be so bold” The two guards lowered their head once again with great respect.

Feng Ming walking alone was not for the first nor the second times either, at the beginning there had been some kept a watch on him in secret, but after they seen he was really only taken a walk aimlessly, blankly stared into space and returned, hence they had became indifferent to it. Not to mention that the mountain cliff is quite high, where can he goes to?

In such a case, Feng Ming strutted away to the edge of the cliff while holding a parachute.

'Today is densely fogged, that's good.'

'Parachute oh parachute! For millions time do not let me be the first in history to die using one.'

He stood amid the heavy fogs, unable to see the river, intertwined with the desolate emerald greenish plain which, laying underneath, Feng Ming put on the parachute, shut his eyes and calculating the wind speed and it direction.

He faced the wind and took a deep breath, he cannot help but remembered Rong Tian oath- –
“Even if tomorrow brings thousand times of difficulty dangers, Rong Tian will gives his life for you.”

'Rong Tian Rong Rain, you are liar. If I came out of this safe and sound, I'll beat you to point of being unable getting out of bed for months.' Feng Ming cursed in a low voice as he forced himself suddenly jumping into the air.

The great mountain cliff stood erect and abruptly roaring of winds. A moment later, alarm sound of disbelieves, torn through the guards' throat almost scarified the sky apart. “Duke ... Duke Ming had jumped down the cliff!”

Feng Yu Jiu Tian Vol 4 Chapter 2

Jumping off from Xuan Ya, Feng Ming never had thoughts it would taken great deal of power and effort to open the parachute due to the sharp downward velocity which has increased rapidly.

The altitude wind has always been unexpected for novice skydiver. The parachute finally able to balance for a moment, the wind from underneath seems to support the parachute and stopped Feng Ming from continue being fallen; it was actually uplifted slightly higher.

.

.

In a split moment, like a thunder strike momentum, for the force of nature had manifested as the wind suddenly ram Feng Ming into the cliff.

.

.

“Ah!” a sharp pain passed thorough heart and spreads from his chest.

.

.

Fortunately, after this one hit, the parachutes had drifted away from the cliff, and finally returned to earlier direction, downward to the spiral river and slowly descended.

.

.

“Boom”..... Feng Ming fallen into the water, he knew has successful taken the first step to escape. He struggled in the water to remove the parachute and barely swam across the river.

.

.

“Blockade the river, quickly! Searched for about fifty yards, no inches of grass are allowed to go uncheck!” He just arrived to the shore and into the wood when constantly boisterous shouts came from a distance, accompanied by the heavy puffed and with hooves sound.

.

.

‘It was unthinkable the pursuers have moved so rapidly.’

.

.

Feng Ming taken aback, he went into a clump of bushes which, has tiny blooming pink flowers, breathless and then snooped.

.

.

“General, found this in the river!” Soldiers were picked up the parachute from the river and brought it over.

.

.

Hooves echoes rapidly, as a crisp female voice called out: “Have Duke Ming been found?”

.

.

“Your Highness!”

.

.

“Miao Guang Princess!”

.

.

“Reports Your Highness, Duke Ming is temporarily unaccounted for, your servant has the river blockade and ordered to intensify the search.”

.

.

Miao Guang sat on the horse, panic-stricken, no longer composed like her usual self: “He..... he jumped off a cliff , is it likely.....”

.

.

“We has searched the river surface and had found this material, Duke Ming likely used this to escape.”

.

.

Miao Guang took the wet parachute, and instantly recognised it was her petticoat, frozen for a while before face turned cold: “Someone, keep this for me; ah! Heralds the message, if anyone able to catch Duke Ming, I’ll report to my Brother King to reward and knighted him.”

.

.

“Yes!” Everyone was fiery responded.

.

.

Hooves and footsteps were roared into his ears.

.

.

‘Be reward and knighted?’ Feng Ming smiled drily, he turned around, and the riverbanks were surrounded by soldiers which had started for their searches. If he had have stayed in the water instead of swam to shore then they would surely found him.

.

.

Since the incident was unexpected, Miao Guang’s soldiers were only a vanguard group, so the group is small in number. Moreover, the parachute was found in the river thus they have focused their attention on the river. Therefore, the woodland compared to riverside was more thoroughly searches. *‘This is the best time to get far away from here as possible.’* Feng Ming quietly moved backward and fled.

.

.

He bolted into the woodland, then taken a little stop for breathing and all a sudden chest pain was felt aching inside.

.

.
“Ah.....” Feng Ming groaned, hurriedly untied his outer clothes; there was no bleeding on the chest, but there was a residue red bruised: “Oops, I’m afraid the ribs have cracked.”
.
.

The wind seems to carried an uneasy atmosphere; Feng Ming looked around, and immediately slumped down to the ground and put his ear on the earth.
.
.

He heard that the ancients could prostrate on the ground and listen to distinguish the coming of their enemies. Feng Ming certainly did not have such ability, but the land was indeed a better medium for sound than the air, he vaguely listened for a while, *‘although I do not know how many people and from what direction, but there are many soldiers are approaching him.’*
.
.

‘My body is injured, and there are many pursuers, if this continues I’ll be caught.’ Feng Ming put on his thinking hat, *‘with Miao Guang’s intellect she would surely has guessed that I fled into the forest, and most likely to send another team to search from the opposite direction, desperate to escape and ran like crazy only means eventually running into them.’*
.
.

Feng Ming frowned thoughtful and suddenly teeth clenched: “It’s already a risky adventure, I’ll shows you, even aware there is a tiger on the mountain, I’ll be undeterred.” He raised his hand and felt another burst of chest pain. He reluctantly took off his outer garment and torn the fabric apart, wrapped it on a hanging branch of a tower tree.
.
.

“See what you’ll make of this.”
.

.

He seized the time, went around the area and changed the layout to distract the soldiers. He no longer headed to outside of the forest direction but reflexive traced back the old path.

.

.

He was cautiously made his way, returned to the place where a few meters away from the riverbank in the forest, Miao Guang seems still dazed at the shore. Feng Ming was secretly alerted, laying low about half- height of the grass.

.

.

“There is no news?”

.

.

“Report Your Highness, Duke Ming whereabouts still unfound, but General Mo has led troops to enclose the woodland, they will find Duke Ming sooner or later if he is within the forest.”

.

.

Feng Ming cried inside of the possible danger, *‘they’re really good pursuers.’*

.

.

Miao Guang dignified nodded: “Heralds the message, Duke Ming is scheming, he’ll be captured and uninjured.” She pondered for a moment, and added: “If using bows and arrows, do not shoot at the heart, lung area and neck, in case it would kill him, your life and clan will be repaid the debt.”

.

.

Feng Ming felt unjustly: *'On the level of craftiness, how can I hold a candle to you?'*

.

.

A messenger reported: "Report Your Highness, General Mo found this thing in the woods." A scout held Feng Ming's torn garment in his hand.

.

.

Miao Guang took it and frowned: "This was deliberately done, but what is it signifying?"

.

.

A General officer disagreed: "I believed it is a delay tactic."

.

.

"No, Duke Ming is too clever, he would not waste time to do such thing, and there must be a profound meaning."

.

.

When he saw Miao Guang really paranoid and contemplated, Feng Ming almost laughed.

.

.

The scout continues: "When General Mo discovered them hanging on the tree, oddly shaped, he was unsure how to deal with it, he ordered subordinate to consult with Your Highness."

.

.

“Alright, I’ve to take a look myself.” Miao Guang reined the horse: “What other tricks he’s up to now?”

.
.

Feng Ming spied in the bushes for nearly half an hour, the searches party down at the river comes nearly to an end. The ancients did not know such proverb state that *‘the most dangerous place is the safest place’*, hence no one search at the bush area where Miao Guang had stood.

.
.

This is a psychological strategy.

.
.

When he was seeing the search party moved toward the woodland, Feng Ming took the opportunity and the advantage of sky was still dimmed, quietly crept nearer to the riverbank. His movement was like a snake that lived near the water and quietly dived into the water.

.
.

He already prepared a reed on the mouth earlier and swam towards the other side.

.
.

It seems that at the foot of Xuan Ya where Feng Ming had imprisoned, Ruo Yan has blockage the entire vicinity, event the grasses and trees were not spared. The only place that may be neglected would be his accommodation— Xuan Ya, where Feng Ming had detained.

.
.

‘Hope this was not a mistaken deduction.’

.

.

Feng Ming placed the reed into his mouth, taken a deep breath before swim to the other side, he grateful that Rong Tian had forced him to practice martial arts. If Rong Tian had not anticipated and ensured that Feng Ming has strengths to escape, his physical power would never have made to shore that day.

.

.

Feng Ming was panting and crawling to shore, he did not dare to delay and take a moment to rest, immediately headed toward the towering Xuan Ya.

.

.

He ran about a few hundred feet, suddenly the throat felt fishy. Feng Ming legs gave out, but he knew he absolutely cannot stop here, took a fierce breath and continued bolted.

.

.

Feng Ming selected a twisty little road and ran, so that he could avoid the possible of attacking by the pursuers from behind. When he saw the cliff was not far away, approximate about half an hour of terribly running to get there, then he saw another smaller footpath at the side also leading to Xuan Ya.

.

.

He looked cautiously around, there seems no human sound and with little peace of mind, he dashed outside the forest and taken covers. Feng Ming's hand picked up a hardwood.

.

.

“All I need to grasp a solitary guard, and immediately knock him out with a stick.....” Feng Ming gasped, he kept muttering to suppress from being faint: “..... Then, put on his clothes, posing as guards follow the crowd and then escape.....”

.

.

When he lifted his head to look ahead, the vision began to blur as he saw a lonely figure was coming closer. It was a guard costume, who absently looked around, very likely that man was searching for Feng Ming trace.

.

.

“Hmmm, that would be you, the hapless one.” Feng Ming tightened his grips on the hardwood, tiptoed quietly like a cat from behind.

.

.

Unexpectedly when he came behind the guard, and before lifted the hardwood to fiercely knock the man, his knees suddenly felt weak and awkwardly fallen to the ground. The hardwood has rolled aside.

.

.

It turned out due to his running and injured, he was finally came to the point of exhaustion, once he stopped for a moment, he was immediately out of breath. Feng Ming saw lights flickering and fallen unconscious.

.

.

‘No, ah, actually fainted at this time, I was really the world’s most unfortunate fugitive.’ Before Feng Ming was swallowed by darkness, he deeply cried.

The guard has incredibly agile movement. Hence, when he heard a sudden wind from behind, he immediately turned around. He did not expect the attacker to suddenly fall down. After taking a closer look at the man's face, he almost cried aloud, but recognised the current situation as he immediately swallowed them.

.

"Duke Ming?" The guard has a handsome face and his black eyes were sparkled, surprised and squatted down to whisper: "Duke Ming, Duke Ming, it's me. Rong Hu."

.

Duke Ming had already fainted and did not hear him.

.

"Elder brother." A shadow sprang out of the forest also wearing guard costumes, breathed heavily and appeared anxious; his gasps were apparently the result of running: "I'd heard a bad news. Duke Ming is no longer above..... He jumped off the cliff." After he finished his sentence, his tearful voice choked.

.

"Lie-er, take a look at who this is?"

.

Lie-er was the one who went to investigate the whereabouts of Feng Ming and when he overheard the news that Feng Ming had jumped off the cliff, he was very sad and wanted to cry badly. So when he looked down and saw a familiar, extremely handsome face: "Duke Ming?" He immediately jumped in disbelief and he looked over to his elder brother with wonder.

.

"Elder brother, how could Duke Ming be here?"

.

"Don't know. I was wondering on how to enter Xuan Ya, and then turned around....." Rong Hu scratched his head: "just saw Duke Ming lying here."

.

"Oh, ha ha ha." The two brothers were glancing at each other and laughing softly.

.

“That’s great. Even in a muzzy way, we still found Duke Ming.”

.

“This place is dangerous. Let’s leave immediately.”

.

The two of them carried Feng Ming and agilely sneaked back into the forest.

.

The spring time is beautiful and everywhere is full of life. The living room of Earth Moon tribal leader was always filled with burning incense aroma, which made others feel relaxed.

.

Feng Ming was feeling regretful and not willing to wake up.

.

He fainted on the road which Ruo Yan was probably using to travel to Xuan Ya, and there was no doubt that his fate was back where he’d escaped. On this very thought, he simply decided not to open his eyes.

.

“Ah, Duke Ming woke up!”

.

“Really? Chiu Xing, you should not give false information. These past few days, you’ve been screaming over and over again, always making us happy with your white lies.”

.

“I was sure I saw Duke Ming’s eyelashes moved. Alas, it has been a few days already. Do you think Duke Ming will ever wake up?”

.

“Why not? Duke Ming is a good person, how would God be tormenting him?”

.

The clear tones sounded like an almost cry. On top of his head there seems to be many sighs.

.

'I must be dreaming,' Feng Ming was repeatedly reminding him that this was not possible, but still could not help to secretly sneak a peek.

.

The two small, pink familiar faces appeared very sad — It was his beloved little friends, Chiu Yue and Chiu Xing.

.

“Ah!” Feng Ming suddenly opened his eyes in disbelief: “It really is you? You..... you also...Ruo Yan

.

“Ah!” Chiu Yue and Chiu Xing also shouted at the same time. The volume had surpassed Feng Ming’s voice: “Duke Ming’s awake! Duke Ming really has woken up!”

.

A whirlwind rolled into the room from outside. It was Lie-er who ran in and asked: “He woke up? He’s really awake? Chiu Xing, if you lie to me again, I’ll.....” his eyes suddenly contacted with Feng Ming’s teary eyes, and stood there like a lost soul.

.

In the blink of an eye, Feng Ming was surrounded by enthusiasm and tears from his friends.

.

Chiu Xing hugged Feng Ming as she laughed and cried: “Duke Ming finally woke up; you’ve worried us to death.”

.

“Duke Ming, ah, please don’t ever run around again. Look, just this trip alone and you went all the way to Li Kingdom. Life is empty without you.”

.

“Fortunately Your Grace has woken up. If not, how could we face our King.”

.

Rong Hu hastily arrived, saw that everyone was frantically overjoyed as he stood beside them and smiled quietly.

.

“Chiu Yue..... Chiu Xing..... Lie-er.....Rong Hu.....”Feng Ming eyes were circling the group. He did not have time to react, but bewildered and asked: “Why are you here? I ... I am possibly.....”

.

Chiu Xing fiercely replied: “When His Majesty knew that Your Grace was in Bo Jian, he immediately invited Mei Ji to Bo Jian on demand; however, when he arrived in Bo Jian, Duke Ming disappeared. Ruo Yan, thatdamn abhorrent man had actually sowed a discord with the Bo Jian’s Royal family against His Majesty and used the useless Second Prince in an attempt to murder our King.”

.

“His Majesty is wise and greatly intuitive, so how was it impossible for Bo Yiu to kill him?”Lie-er inserted another sentence, “But maybe he did cause a little trouble for His Majesty.”

.

“Afterward, His Majesty guessed that Duke Ming was caught by Ruo Yan, so he had secretly slip into Li Kingdom.”

.

“However, Ruo Yan is really cunning. He had hidden Duke Ming so fast that we....”

.

“Oh Lie-er, do not interrupt me again.”Chiu Xing was dissatisfied as she glared at Lie-er.

.

Lie-er grimaced and closed his mouth.

.

Chiu Xing turned back to Feng Ming and continued after she's satisfied that Lie-er had obeyed her: "Ruo Yan was very strict in guarding Duke Ming. His Majesty had taken a long time to find out Your Grace's whereabouts. We later learned that Li's Royal Family have a resident in Xuan Ya and had never let outsiders stay there. Nevertheless, we were not able to determine if Your Grace is locked up in there. If Duke Ming was not being held there, and attempting to rescue Your Grace would arouse Ruo Yan's suspicions, then....."

·

"Chiu Xing, why are you going around in a circle? Duke Ming will be confused by you." Chiu Yue cried: "Anyway, we have incited Moon Earth tribal to confront with Li Kingdom. His Majesty has helped to arson the capital in order to create disorientation as he played game with Ruo Yan which, given Rong Hu and Lie-er the opportunity to investigate whether or not Your Grace was locked up in Xuan Ya."

·

"That's enough, what are you two little ladies yelling for? Should it be my elder brother's turn, since he was the one who rescued Duke Ming?" Lie-er proudly said as he raised his chin.

·

Rong Hu watched over the group's commotion and helplessly smiled: "I have no credit; Duke Ming was escaping and unfortunately, just fainted on the road. It was right at the time when we were trying to sneak into Xuan Ya as guards. We were at the right place and the right time. What's most pleasant is that we have been checking the terrain several times before the trip to the mountain, and arranged escape routes, which had become handy." He paused slightly: "However, Duke Ming just woke up, his body's still bandaged. Why are you holding him like that? I do not think it is a good idea."

·

The trio looked down. It seems the bandages wrapped around the body were messed up, and now shaped like an octopus. They blushed and let go of him before taking two steps away.

·

Feng Ming was breathless after they hugged and unconsciously shook him in the process. The chest wound started to ache faintly, so his heart was full of praises for Rong Hu's consideration.

·

"Since you're all here, where is Chiu Lian?"

·

“Chiu Lian is still remaining at the palace.”Chiu Yue replied: “When we were heading off, she was howling and yelling that she wants to go rescue Your Grace too. However, His Majesty would not allow her to go as it would be too much trouble.”

.

“His Majesty was correct. Just the two of you were enough trouble as it is.”

.

“Well, why not?” Chiu Xing naturally came to aid Chiu Yue, glared at Lie-er: “If not for us, the Earth Moon tribal would never easily considered assisting the King.”

.

Feng Ming looked puzzle and turned to Rong Hu for help. Rong Hu explained: “Chiu Xing and Chiu Yue’s mother was from the Earth Moon tribal, a beautiful woman who was married to a Xi-Rei and strengthen our diplomatic relationship. The Earth Moon’s leader has greatly helped us because of this.”

.

“Oh, I see.”Feng Ming finally understood the situation. Although, the question his heart really wanted to ask was not easily commuted to them.

.

Lie-er saw the hesitation on Feng Ming’s face and guessed a bit. He giggled and asked: “Why hasn’t Duke Ming ask where His Majesty is yet?”

.

“Rong Tian..... Where is he?” When Rong Tian’s name was mentioned, his heart could not help but beat faster. Feng Ming cursed himself for his foolishness, reminded that he needed to give Rong Tian a few punches when he sees the man, given that Rong Tian had failed to protect him as promised.

.

“His Majesty is temporarily staying in the Li’s capital in order to distract Ruo Yan.”RongHu gently said: “I’m afraid it will be some days before he’ll be able to join us.”

.

“What?” Feng Ming screamed and jumped out of bed: “Is he out of his mind, underestimated Ruo Yan, in and out of that place?” He felt a sharp pain from the wound, probably resulted from the earlier action. Feng Ming cried aloud a few times before falling back on the bed.

.

“Duke Ming, please be careful of your wound.” The crowd panicked and hurriedly calmed him down: “Please do not worry, Your Grace. The King will arrive soon.”

.

“He doesn’t have to come!” Feng Ming angrily growled: “Anyway, he would not want to see me.”

.

“Why would His Majesty not want to see Duke Ming?” Chiu Xing reassured him.

.

“Since the day Duke Ming had gone missing, the King has lost his appetite and lost weight. His Majesty was also wounded by an arrow when he was ambushed in Bo Jian. The wound has not healed, but he was still determined to sneak into Li Kingdom regardless of the danger. Who would he do it for if it is not for Duke Ming? Moreover, the last time when we tried to get to the border, the King was almost.....” Lie-er’s constant winking had finally stopped Rong Hu in time. He then knew something was better left unsaid. Chiu Xing stuck out her tongue and was quiet for once.

.

“Almost what?”

.

“Nothing.” The four of them desperately shook their heads in denial: “It’s nothing really.”

.

Feng Ming’s heart was touched and anxious that he gave a loud grunt: “I obviously have been rescued. Why is Rong Tian still not leaving there? Did he want me to be distressed?”

.

Rong Hu stepped forward and bowed as he whispered into Feng Ming's ear: "Ruo Yan is very ruthless and never let those who wronged him get away. If His Majesty was not there to stop him, I'm afraid he would have immediately come here and destroyed the Earth Moon tribal. If that was the case, Your Grace would not find a place to recuperate."

.

"The journey back to Xi-Rei is very far and Duke Ming is heavily injured. The Li Kingdom border is also tight in security. Hence, to leave the country would be difficult. The only safest and comfortable place is here." Lie-er nodded in agreement.

.

Feng Ming looked around, firstly at Chiu Xing, Chiu Yue and then to Rong Hu and Lie-er.

.

'Rong Tian at the moment is risking his life to distract Ruo Yan's attention in the capital. I.... how could I actually want to punish him?'

.

He felt ashamed as well as being disappointed of not seeing Rong Tian; the emotion was swelling like an overflowing fountain.

.

"Is there any way we could aid for Rong Tian's safety?" Feng Ming geared up his sleeves and said: "He is in danger and in need of our support. Rong Hu and Lie-er, could you go inquire if there's any news from Li's capital?"

.

The four glanced at each other oddly. They all thought of one thing: *'to be able to keep you here safely, we'll be more at ease.'*

.

"This could wait for a few days later. First thing first, that is nursing Your Grace to get well again."

.

"That's right. Duke Ming first must be healed and soon, we will be able to return to Xi-Rei."

.

Chiu Yue brought the medicine fluid before Feng Ming's mouth: "Your Grace, you first must drink this."

.

"It's too bitter." Feng Ming briefly gulped the liquid before he frowned and complained.

.

"This is a family recipe from Earth Moon tribal; Duke Ming's injury will rely on them to be healed quickly."

.

"I do not want to drink."

.

"No, you certainly must drink them. Chiu Xing, come here and help me."

.

"I don't want to drink! It's very bitter."

.

"Oh, Duke Ming is still his same old self."

.

Rong Hu slowly nodded: "Indeed, he's still the same."

.

Lie-er watched over Chiu Xing and Chiu Yue as they were trying to deal with an unreasonable Feng Ming, then mysteriously smiled and whispered to Rong Hu: "Elder brother, Ruo Yan had captured Duke Ming for the past few days. Do you think Ruo Yan had....."

.

RongHu's eyes sharply wept over Lie-er: "You dare ask? Be careful or the King will cut out your tongue."

“Duke Ming is very beautiful. Many would dream of coveting him. In the past, His Majesty had slept with many people too.” Lie-er stuck out his tongue and did not dare to bring the subject back again.

Feng Yu Jiu Tian Vol 4 Chapter 3

Thanks to Earth Moon Tribe, Feng Ming's Wound healed fast. Only ten days, Feng Ming had already felt bored and restless, eager to return Li Kingdom Capital to join Rong Tian.

Rong Hu and Others can't let Feng Ming to go back to the Tiger's mouth, repeatedly discourage, Lie er is coming out with many new tricks to let Feng Ming played incessantly.

Today the weather is good, the spring feels are everywhere, make people delighted.

"Report Duke Ming, the spy sent to Li Kingdom has returned."

"Oh?" Feng Ming suddenly jumped off from his horse. Causing Chiu Yue and group exclaimed.

"Duke Ming careful!"

"Slow down, careful not to hurt."

Feng Ming waved his hand towards Chiu Yue, looked down at the spy that knelt before him and asked, "How's the news in there?"

"Reported Duke Ming, Li King enraged after knowing Duke Ming's escape. Also, killed many responsible to look after Duke Ming's officer, even Miao Guang princess suffer for the lesson. Currently Li Kingdom is in chaos, everyone felt insecure, Li King perhaps will have headache for a long time."

"How about Rong Tian? have you met him?"

The spy quietly looked up at Feng Ming, and softly replied, "lowly servant didn't meet the Great King, but received secret letter of the Great King, wanted lowly servant to tell Duke Ming, don't need to worry, he will be back soon."

"But how long?" Feng Ming suddenly speak loudly, the people beside him all startled, the spy lower his head and didn't dare to speak.

Feng Ming walked back and forth, kick the small stone and with small voice scolding Rong Tian, then walked back to the spy, exclaimed, "you're doing well." He paused, still didn't give up, and asked, "how fast he will come back, three or five days?"

"This..lowly servant really don't know. Great King didn't assign people to pass the message, lowly servant don't dare to ask."

Feng Ming disappointed and turn his head to look at Chiu yue and group, his delicate brow wrinkled up.

Lie er delightfully ran to Feng Ming, "Duke Ming don't need to worry, Great King is powerful, finally came to Ruo yan's hometown, certainly must make a big mess to make it interesting."

Feng Ming stare fiercely, "it's Ruo yan's hometown that makes me worry. It's like a tiger's nest, do you understand? If being caught....." suddenly remembered those days ago when he fell on the Ruo yan's hand, it's like standing of the edge of hell, a single wrong step will bring despair, couldn't help but shivered.

"There is no use to worry, it's better for Duke Ming to patiently wait a few more days." Rong hu finally spoke, talked to the spy : "assign another spy to Li Kingdom."

"Yes!"

Hope for these many days but still don't know Rong Tian's trace, even don't know when he will come back, Feng Ming's heart felt so uncomfortable. although Chiu yue and group accompany beside him, but without Rong Tian, deep inside he feels lack of something, Feng Ming felt empty inside.

Chiu Xing always help Feng ming lead the horse. This half black and half white horse is the horse given by Earth Moon Tribe Leader as a gift, White cloud that given to Feng Ming by Rong Tian, because it is too obtrusive, so don't tag along to Li Kingdom.

"Duke Ming, you can ride the horse for a while, and then we will go back to have lunch."

Feng Ming muffled shake his head: "Don't wanna ride, let's go back." listlessly heading back home.

Chiu xing quickly handed over the rein to the guard, chasing behind Feng Ming.

"Duke Ming is having a bad mood."

"hm, no wonder, Duke Ming is missing Great King."

Lie er's head suddenly pop out from behind Chiu yue and Chiu xing:" hey, hey, you two dare to bad-mouthed the Great King."

"ya, you surprise us, Chiu yue used her handkerchief and waved at Lie er:" How can we say bad thing about the Great King, but Lie er, why the Great King hasn't come back?"

"I know about this matter, but man's matter, don't need to tell tell the maid," Lie er exposed a strange smile.

"Hurry tell us!" Chiu xing catch him.

"Hahaha, you two can't catch me.

Feng ming sadly face back to the house, turn around and saw the naughty Lie er and Chiu sisters have slide away to play, leaving behind Rong hu that loyally followed.

He said to Rong hu:" Rong hu, you can go to rest. i'm tired, i think i will go back to room to take a nap."

"How about Duke Ming have lunch first before taking nap?"

"i have no appetite, i will eat after taking a nap." Feng ming frowned and go back to his room.

Earth Moon Tribe give them a good hospitality, good medicine and good horse, even the room Feng Ming currently lived is the most beautiful, moreover, in the backyard there is a group of white rabbits. When the first time they arrived here, Chiu yue and Chiu xing shouted to give the rabbits a meal.

Feng Ming opened the curtain, and lazily yawn.

Before finished yawning, the sudden silence make Feng Ming felt the alert.

There is someone inside the room!

Perhaps Ruo yan's spy is so powerful, they had already detect that Feng Ming hide inside Earth Moon Tribe. And lurking in?
Feng Ming's instinct was to rely on the wall, to avoid the plot.

The whistling wind sounded from behind.

Oh bad, Someone's hidden behind the door.

"Rong....." unfinished with the word 'Hu' to call out, one could see the hand across Feng Ming's

shoulder, and tightly cover Zhang Feng Ming's wide open mouth.

"hmm..hmm.."

Feng Ming struggled hard, but can't even move, the wound in his chest suddenly pain.

His lobe was being licked by the heat of the tongue from someone behind him, wet tongue was teasing his lobe, a deep voice and magnetic smile came from behind:" i can't let Rong hu to disturb us."

Is it the familiar tone words, or the banter that make him gritted his teeth.

Feng Ming shuddered, tears falling from his eyes.

The arms wrapped around Feng Ming suddenly strengthened.

" Come on, let me hug you." Rong tian's reassuring smell making Feng ming tightly covered.

Passionately kissed several times the face that make him miss so madly, and keep savoring the the lip, Rong tian exposed a gentle smile:" you lost weight, both your cheeks have dented. It's all my fault, didn't protect you properly." the phrase is filling with sorry and lament.

Feng Ming still not recovered from the surprise,only open his black eyes widely, keep looking at Rong tian.

"Why you keep looking at me?" Rong tian came over, using his nose gently caressed his face:" Don't tell me you have forgotten my face?"

"Rong tian?" Feng Ming looked for a long time before gently exhaled:"Didn't you still at Li Kingdom? the spy has just said that he didn't know when you will come back.

"You don't want to see me?"

"You..you...." Feng Ming saying "you" for a long time, and finally react, shut the mouth and burst into tears:" You're teasing me again! in this deadly time you still teasing me! you...."

"Feng ming, don't cry." Rong tian cover Feng ming's crying mouth, hurriedly said:" Outside is in the critical condition, how can i make an ordinary subordinate know my whereabouts, i didn't mean to lie to you."

Feng ming removed the hand that cover his crying mouth and also ferociously bite the hand," You did it on purpose, last time you teased me in Fan jia, scared me to death, this time still want to trick me. I ask you, since you already arrived here, why you have to sneak behind the door?"

Rong tian loss the words:" That's..that's because i want to give you a surprise..."

That's because you wanna see how scared i would be!" Feng ming roared at Rong tian, feel that it's not a solution, he kicked Rong tian's foot, turned and sat on the bed angrily.

"Feng ming, don't be angry." Rong tian went up, one knee knelt in front of Feng ming, looked at him, softly said:" On the way back i always thinking to see you, my heart will rush and beat fast. But the moment i arrived, suddenly felt afraid."

"What are you afraid of?"

" I don't know." Rong tian's deep eyes silently staring at Feng ming:" Maybe the closer you get, the more afraid of excitement and happiness you get."

Feng ming's heart felt warm inside, stuck on the throat and can't continue to scold, then pull up Rong tian to sit beside him.

"Do you miss me?"

"There is no time i'm not thinking about you." Rong tian let Feng ming lean on him, sighed said:" Missing you like crazy."

Feng Ming take a closer look, felt clenching in his heart:" don't just told me, you also lost a lot of weight, it's all that damned Ruo yan's fault, I must catch him to take back to Xi rei, imprison him for a long time, and force him to be a monk." talked about Ruo yan made him angrily gritted his teeth.

Rong tian laughed loudly:" The matter of catching Ruo yan to Xi rei can wait until we go back to Xi rei to discuss further. But i already help you a little revenge."

"What? a little revenge?"

"I burnt Ruo yan's treasure collection house, and escaped in front of him, making him loss face."

Feng ming suddenly get up and sat down, said," You met Ruo yan? in Li Capital? Oh God, and you unexpectedly not being crushed to be meatloaf by him."

"I'm almost became meatloaf," Rong tian recalled the situation, also feel a little scared:" Fortunately when both sides unintentionally met, there are not many guards around him, and it was in the countryside, so i can successfully escaped." Rong tian bow at Feng ming and whispered:" Feng ming, i have fought Ruo yan, and also get a little interest from him bullying you."

Feng ming's eyes lit up, tilted asked:" You wounded him?"

His face is handsome yet pretty, Rong tian felt itch, his mouth biting Feng ming's red lips,carefully

tasted a lot, then laughed loudly:" I wounded his chest, almost lost his life to go back to the palace. ya, if there are no guards around him that pull him aside, my sword would end his life."

Suddenly something fuzzy came up from his mind, but can't speak up what has came up in his mind, confusedly looked at Rong tian.

"What's going on?"

Feng ming thought for a while, lift his head up and asked:" Ruo yan's martial arts is not bad, you met him in his kingdom, he wounded from your sword, and you perfectly not wounded at all?"

Rong tian silent. Surprised with Feng ming's cleverness yet sighed.

"Ahem, actually...can't be perfectly said not injured." he casually said," but still minor injuries."

"Are you hurt?" Feng ming suddenly jump up and shout:" Where? where's the injury?"

"Nothing, just the ribs....."

Unfinished talking, his clothes has been torn by Feng Ming.

Eyes fell on the wound, Feng ming gasped. The right side rib has been wrapped in white gauze, stained with blood, the wound is long and deep.

"Don't look, it will heal in a few days." Rong tian use his hand to cover Feng ming's eyes.

Feng ming dodge the hand immediately shouted:" Chiu yue, Chiu xing, come! hurry, bandage! herbs medicine!"

People outside heard Feng ming's shouting, hurriedly flooded in, seeing Rong tian, naturally surprised yet excited.

Only Lie er and Rong hu that had already been secretly informed of Rong tian's homecoming, salute respectfully, then stick out his tongue on Feng ming for admitting his crime of concealment.

Rong tian's wound is not a minor one, when they looked, shouted and jumped. they are elected by the clever palace attendants, without order, immediately split busy, the ones responsible for cooking the herbs is cooking the herbs, the ones responsible for bandage is bandaging.

Rong tian sat on the chair, letting Chiu yue and others helping him take care of the wound.

Feng ming standing aside, looking at the white gauze being unfasten, exposing the wounded flesh, compare to watching when the gauze being wrapped even more frightening. He didn't want to disturb the people helping Rong tian bandaged, tightly biting his lower lip without a word, but the

tears don't stop flowing.

Rong tian looked up and saw Feng ming's look.

"Feng ming, you go out, don't look."

Feng ming just keep silent, rubbed his eyes, stood and didn't want to go away.

"Duke Ming, please temporarily wait outside, the bandaged will be finished soon."

The people persuaded him several times, but he refused and insisted to stay, yet the face was increasingly pale. Chiu yue and others knew his new injury hasn't healed yet, can't help but secretly worried.

Rong tian staring at Feng ming for a long time, sighed: Forget it, you come here." stretched out his hand to Feng ming.

Feng ming's not tweaking, just sat down on Rong tian's right lap to hinder the bandaging process, hold tightly of Rong tian's hand.

"You must be thinking i'm a coward."

"How come?" Rong tian's relaxed tone making people simply can't imagine that he was seriously injured, and also still in the unbearably pain of bandaged:" I just feel that you're the most handsome man in the world."

Feng ming can't help but laughed:" The world's most handsome man is Bo jian king." remembered the three condition of Bo jian king to pick the crown prince makes people laughed. I wonder how's little Lin dan doing.

"hnn...." Rong tian stifling groan, patting Feng ming's hand:" Sit properly, don't move."

his smiling face suddenly vanished, and became pale:" Ah, i forgot you're being bandaged, did i hurt you?"

"It hurts a lot," Rong tian's lip slightly smiled, gently said:" If you feel bad for me, then kiss me, that way all the pain will be gone."

Although Feng ming has become pale, when he heard Rong tian's word, can't help but blushed. turned to look at the one concentrate to bandage the wound. Actually feeling embarrassed.

Turn again to look at Rong tian, yet has been closing his eyes waiting for "pain cure" kiss.

"I don't wanna...." When Feng ming just going to reject this ridiculous request, maybe

unintentionally touch the wound, Rong tian's face showed pain.

Felt sorry, he lowered his head and kissed Rong tian's lips.

The moment their lips touched, Rong tian's tongue that had been waited long just slip into Feng ming's sweet mouth, excitedly played for a while, chasing Feng ming's playful tongue.

Feng ming screamed inside that he was being fooled, but felt sweet inside.

Unexpectedly Rong tian can also feign to be pitiful, taking advantage of my compassion. Today i will let you be, just because i love you.

They kissed and played catch each other's tongue for a while. When Feng ming release the playful kiss from Rong tian, he just realized that Chiu xing and the others had quietly withdraw themselves.

"Tomorrow i will be their laughing stock." Feng ming glared at Rong tian: "It's all your fault pervert."

"Who dares to laugh at you, tomorrow i will give them lessons." Rong tian kissed Feng ming, sat on the chair, pointed at the wooden bed, smiled: "Just now it's not enough, let's continue on bed."

Feng ming snorted: "You still want to go to bed even with your current condition?"

"I miss you." Rong tian's gentle voice made Feng ming's heart raced faster.

Lower his head and think, Feng ming showed his smiling face: "Ok, let's go to bed."

Helping Rong tian to walk to bed and helping him take off the clothes, Feng ming showed his true face: "Today you can't help it anyway, How about let me on top."

Rong tian's not showing shocked at all, lightly said, "As i expected."

Then, it's a 'yes'?" Feng ming excitedly opened his big eyes, look forward to Rong tian's approvement.

"Meat on the cooking board, what can i do anyway?" Rong tian lightly smile, Relaxed on the bed: "I've always remembered every single word of Crown prince's teaching."

Rong tian didn't reject, Feng ming felt exultation.

"haha, then you're a piece of fish meat, i'm the cooking board. He hop up on the bed. Knelt in front of Rong tian's lying body. Use his hand to take off Rong tian's inner clothes.

The hasty hand suddenly being caught by Rong tian.

"You wanna regret this?" Feng ming unsatisfied stared at Rong tian.

"Let me tell you first, today i will give in and let you be, but next time when i be the cooking board, you can't make any excuses.

"When did i make any excuses?"

"You always cry out pain."

"It's showing more excited love when you cry out." Feng ming sighed inside ancient people are still ancient people, they couldn't even feel excited lively love, shaking his head and instruct:" There is time when cry out is interesting. You know why many men like Japanese girl, is because they love to cry out 'No, no' in bed, Oh, you don't know what is japan."

"Oh, i know. Then Duke ming's cry out is not showing pain, but showing excited love. Pity me who always feel sorry for you, but now i finally understand." Rong tian nodded, Smiled widely.

Feng ming shivered, shouted to himself that he had been fooled again:" Rong tian you don't misunderstood...."

"Patch cage after the goat escaped is too late. Rong tian didn't wait for Feng ming's explanation, automatically take off his clothes:" If you don't come, then i will be the cooking board."

"No! This time i'm the cooking board!" Feng ming screamed and get on top.

"Inside the room, immediately spreading some lustful voices that makes people imagine some lustful imagination.

Chiu xing, chiu xing, lie er who kept the door outside quietly closed their mouths, to avoid making noises that surprised the two indulging their love inside."

"You said this time will be how long?"

"Great king dan Duke ming both injured, it won't take long."

"But they finally can be together, it will take quite long."

Rong hu the in charge of guarding was standing outside the door, unsatisfied looked at them, in a low voice said:" Lie er, you speak about Great king's private matter, don't you think it's not good?"

Chiu yue shake her head:" Great king and Duke ming still have what private matter that can conceal us?"

Chiu xing go along and said:" That's right, even if we didn't peek, by guessing we already know what they do."

"Big brother, we still guarding the great king and Duke ming. the intimate time is the most easy way to relax." Lie er smiled and said:" Duke ming's voice is so nice, only big brother hear it as a audience, what a pity."

Rong hu being told by these three crafty kids yet can't speak a word, just helplessly shake his head, continuing guarding outside the door.

"Hnn...be careful of my wound."

"Sorry, i will be careful. haha, are you feeling comfortable?"

"Slowing down."

"Don't wanna, you're so fast before, i also wanna be this fast."

Rong tian's voice has a little dumbfounded:" This can also be compared?"

"Of course. Today i will make you surrender."

Chiu yue and others looked at each other, shake their heads at the same time.

"Ai, 'the talk big' Duke ming, did you forget who is being the top, after doing it unexpectedly letting the bottom to hold him to the bathing pool.....

Feng Yu Jiu Tian Vol 4 Chapter 4

The two people soon fell into a deep sleep.

Unexpectedly, before dawn, Suddenly there are screaming burst in the air. Rong tian the most vigilant, hurriedly jump up from the bed, holding the sword standing in front of Feng Ming, asked:" What happened?"

Rong Hu rushed in from the curtain, the calm face slightly showed anxiety, knelt and replied:" Great King, Li Kingdom's troops suddenly attacked, now the distance from Earth moon tribe's camp is less than 5 km."

"Less than 5 km?" Rong tian also shocked, hurriedly looked outside the window to see the fire in the distance:" Why just aware at this moment?"

"The Li Kingdom's troops come stealthily, silent, until the border of the camp they just ignite the torch and start attacking."

Rong tian looked outside from the window, snorted:" Looks like we can't underestimate Ruo yan. He was seriously injured, at the moment will not personally lead the troops, the one who lead the troops if not Miao Guang, must be the number one general Luo wei."

Lie er has already stand in the room, reported:" The enemy general yet to be determined, currently is being traced."

Feng ming since met Rong tian, his alertness has already gone, Until the moment he just found something's not right, rubbed his eyes and get up from the bed, turned his head to the window and just realized the fire, the fighting sound is everywhere, suddenly screamed:" Rong tian." and looking around.

Rong tian press him to his chest, laughed:" I'm here, what are you afraid of?" He is familiar with the battlefield, although he never go out, yet he already know the enemy situation from the analysis. Know that this war is dangerous, but only can comfort Feng ming.

"It's Ruo yan?"

"hum, Li kingdom's troops, assaulting the Earth moon tribe, i'm afraid that this has already been planned in a long time."

As a result, perhaps The earth moon tribe troops insufficient to withstand.

"Rong tian, what about your troops?"

"The general gathered in the border. But in here...." Rong tian sighed:" approximately three hundred troops."

The room suddenly silence.

The fighting sound is getting closer, Chiu yue and Chiu xing rushed into the room.

The enemy is too strong, Great king should quickly go." They seemed to be just personally witnessed the brutality of the fighting. Their eyes as though reflected the color of blood. Chiu yue hurriedly said:" Because The earth moon tribe offended Ruo yan, they already well-prepared for today. Great king please follow us to the secret construction of the Earth moon tribe hiding place."

"Hiding place?"

The place are broad, can hide thousands of people. The patriarch and some tribe's important people have already go there, Great king please follow me."

Time is running out, Chiu yue chiu xing lead the way, leading Rong tian and others immediately

moved.

Dark night, in there the fighting sound rumbling in the sky, while in here they desperately escaped. The Earth moon tribe's land surrounded by many mountains and forests, rugged road. They have passed many turns with unclear directions. Following Chiu yue uphill and downhill, stampeding for a long time in the valley, finally see the entrance.

Opened the almost without trace entrance. Feng ming said: "Oh, so we hide underground."

Rong tian said: "Li kingdom troops attacked, they must be surrounded around. If we panicky escaped, only rushed into their encirclement. It is better to remain in the danger zone."

Chiu yue Chiu xing lead the way, Rong hu Lie er protected behind, Feng ming while gingerly down the ladder, turned his head and praised: "Remained in danger zone to survive, looks like you're not stupid. It looks like I haven't taught you this principle, yet you yourself come out with this principle?"

"Haha, Duke Ming don't underestimate me."

In this dangerous situation, the two people can be together, yet felt happy, even throw away the Li kingdom's troops problem.

Rong tian's Hundreds of faithful guards also followed behind, all the people in the entrance have spent half an hour. Chiu yue carefully close the entrance, pulled out the fire paper, ignite the torch.

"From here down is the hidden place."

Rong tian nodded, pull Feng ming to go down together. This is really a huge hideout, circling for quite some time, Chiu yue Chiu xing constantly pointing the direction, to avoid the crowd straying around.

Until everyone is exhausted, finally they see the broad underground cave. In the cave there are seat tableware with various color.

Chiu yue said: "The Earth moon tribe group are in another cave. This underground labyrinth was originally discovered unintentionally by the Earth moon tribe, it's very suitable to be used as escaping place. With a great effort, finally figure out the path, and choose a few big cave to be the residence, reserves daily food supplies."

Feng ming is very fond of this kind of adventurous life, his eyes sparkled, constantly shrieking, touching here and there.

Chiu yue said: "The Earth moon tribe's labyrinth is The Earth moon tribe's top secret, we as the grandchild of the Patriarch, is one of the Patriarch's family, so being told about the map. But the Patriarch Grandfather told that the specific content of the map, Even for Great king we couldn't

reveal it. So, if Great king want to leave, please let humble me to lead the way."

Feng ming just knew that Chiu xing Chiu yue's mother unexpectedly is the Patriarch's daughter.

No wonder when in The Earth moon tribe all the hospitality is the best.

"Great king please forgive humble me for not telling the content of the map." The two people knelt in front of Rong tian.

Rong tian is very wise and thoughtful, nodded:" just rise, The Earth moon tribe's last defense, a little strict is fine."

Feng ming yet shout:" Then, if i want to go out is must bring you two along? Ah! i would like explore myself. This kind of Underground labyrinth generally has some treasure...."

Rong hu said:" Duke ming don't be reckless. There are many paths that we are going through to come here, there are dark caves everywhere and we don't even know what's inside, if by any chance you got lost, there is possibility that you can't go out anymore."

Chiu yue chiu xing stand up, laughing beside Feng ming.

"Duke ming want to play around, anyway you should take us around, of course it's good for us to lead the way."

"Others are in accordance of Duke ming, but to leave the cave, you must take us to lead the way."

Feng ming winked, felt tired, yawned:" Here's are full of color, there must be some beds right?"

"Of course," Chiu xing pointed at the cave wall, This cave is a one set cave, beside the mother cave, there are many other big-small caves, they are connected to each other. The bedroom, kitchen are clearly written on the top."

The people take a closer look, and there was indeed an inscription above the door of each room, as the part of this huge labyrinth's map.

Feng ming laughed loudly, " Interested, very interested." and yawned again, Lazily throwing wink towards Rong tian:" i say bad injured patient, you are incredible, climbing up and down all night yet you are not even feel tired. Let's come with me to rest. As long as the General of Li kingdom can't find the entrance, we don't need to be afraid."

Chiu yue said:" even if they can find the entrance, without the labyrinth's map, they will starve to death inside."

Rong tian's wound just being bandaged, thanks to the amazing perseverance and

dangerous rushing intuition that supported all night, at the moment finally can feel a bit relieved, after hearing Feng ming, he feels his whole body are weak, nodded: "hum, it's really time to rest now."

Feng ming saw his face was pale, stretched out his hand, said forthright: "come, this time let me hold you." just when he want to use his strength to hold Rong tian, his chest suddenly hurt, and he immediately loose his hand.

Fortunately Rong hu is standing beside and immediately support Rong tian with his arm, Lie er rushed in front and support Feng ming.

"Duke ming don't be mischievous, your own injury hasn't healed, and yet you push yourself." Lie er nagged: "Besides, you today just done 'that thing', of course your body will be weak."

Lie er outspoken, Feng ming immediately blushed, stared and said: "What 'that thing' i have done, you...you...how dare you peek?" He turned his head around and realized Chiu yue chiu xing chuckled, even Rong hu's lips are slightly twitch, immediately throw off Lie er, turned to Rong tian glared: "It's all your fault, as the Great king, not even teach them discipline."

Rong tian smiled and said: "They are showing no discipline after following you for some time now, and you now want to blame me?"

Everyone looked at Feng ming's overwhelmed handsome face, the black shiny eyes looked at one person to another, don't even know who he must scold, could not help but burst of laughter.

Everything that is new in the cave can't even satisfied Feng ming's restless nature.

Not even three days passed, He has explored the entire cave, making a fuss in the cave. On the third day, he want to to explore outside the cave.

Rong tian always using his wound to bring back Feng ming's attention, always lingering every night, Lest Feng ming got excess energy, also considered injured fighting, commendable spirit.

But this kind of commendable effort, only extended Feng ming patience for two days.

The fifth day, Feng ming staring to nag again.
"I want to go outside the cave."

"Why?"

"It's boring here." Feng ming frowned: "I'm not even a mouse."

Lie er and other looked at each other, coincidentally speak the same thing in the heart: Duke ming you even more like jumping up and down than mouse.

Rong tian lazily dragged Feng ming to his side: "My wound is hurting again."

"Heh, you are using your wound again for my pity. If i knew earlier i wouldn't tell you the 36 Strategies." feng ming growled, but still stretched his hand to rub the wound, look suspiciously: "Do you feel more better now?"

"Hm."

"Chiu xing, you help Rong tian rub his wound."

Feng ming sat down and feel dejected.

"Why can't i go outside the cave?"

"This place is the safest place. Chiu xing infrequently respectfully salute to answer: " Even if this labyrinth is being built by The Earth moon tribe, but not all The Earth moon tribe people know the path inside this cave, only several commonly used roads and caves are safe. Duke ming ah, humble me afraid to take you stroll around, and loss on sight of you."

Rong tian firmly said: " Moreover, we recently have been hidden inside the cave, never sent people out to check the situation. We don't even know whether the Li kingdom troops has found out entrance, if we rushed out, in the tunnel met the...."

Feng ming big yawned, glanced at Rong hu, then glared at Rong tian, want him to say something.

Rong tian smiled: " How about this, we first sent people to the entrance to check whether the enemy troops have discovered the entrance," waving to call the guard.

" You go with Chiu xing to look at the entrance."

"Understood."

The two people go for a while now, and hastily come back.

" Reported to the Great king, the entrance is clear, no enemy invasion."

Feng ming's eyes shined brightly, jumped up from the chair, Said: " It's good then, the path is safe, i can stroll within the scope of the labyrinth. Chiu yue, lead the way."

Walked two step towards the cave hole, yet being pulled back by Rong tian.

"Let go, i want to go out." Feng ming shouted: " Rong tian, you dare to disrespect Duke ming?"

"You dare to disrespect The Great king's order?" Rong tian grabbed him while smiling, hot lips paste on the ear, said softly: " This labyrinth is The Earth moon tribe's forbidden place, to let us hide here has been giving us face, and yet you still wan to explore everywhere. If you like this, don't you only

make difficult Chiu yue and chiu xing? They only don't dare to speak out, even this simple reason you can't think about, yet you even boast how clever you are."

Feng ming looked down and think, rethink the words and manner of everyone in these days, sure enough there is a little mean to avoid arousing suspicion, suddenly blushed, shook off Rong tian's hand, glanced at Rong tian and said:" I know now, why don't you tell me earlier, causing me to look so ugly these days." the little face looked up and complained:" Then let me stayed bored in here."

Rong tian asked again:" It's already 5 days since we come inside this cave, don't know how's the outside situation going?"

Chiu xing obviously knew the information of the other cave that The Earth moon tribe stayed at, Answered:" The tribe has sent ten shrewd young men to go outside, but after going out the entrance, but no one returned."

"Oh?" Rong tian's eyebrow flicked:" Don't tell me the Li kingdom troops searched strictly, not even one person succeed to return?

Lie er interrupted:" In case these people being captured, wouldn't the entrance being exposed?"

"Won't. They all are the tribe's hero, if they are being discovered by the enemy and can't even come back to the entrance, then they will bite the poison in their mouths."

Chiu xing sadly said:" They..I'm afraid they all have died."

Feng ming fear the most of the dead, after hearing them, trembling for a while.

"If we want to know the outside situation, don't need to send people outside, drill a hole above the cave, maybe can see the outside situation." After saying, 5 people looked at him at the same time, Feng ming muttering, scratched his head and said:" I was wrong again?"

Rong tian sighed:" You're very clever."

But such a simple truth, The Earth moon tribe must also now about this." Lie er muttered and being heard by Feng ming, Being warning glanced by Feng ming.

Chiu xing nodded and said:" The tribe people of course have thought about this. In the past, they sig the hole above the cave several times, but no matter how long the hole, yet can't see the outside, The tribe people wasting their effort, and just found out the reason."

"What reason?"

We came in from the entrance of the valley, yet we are at..."

Feng ming opened his eyes widely, jumped up:" But in the underground?"

"Correct." Chiu xing nodded and said:" So no matter how the tribe people drill the hole on the wall,

they can't see outside."

Rong tian heard once and totally understand, said:" The labyrinth below, even if the ground opened up, can only see a little bit of the sky, there is no way to know the surrounding situation."

Feng ming desperately scratched his head, asked:" So now we are beneath what place?"

"According to the tribe's projections, probably beneath the grassland that Duke ming usually used to ride the horse."

"Unexpectedly we are beneath the grassland." quietly looking the people around, his eyes flashed, suddenly raised his head and laughed.

"Duke ming, what are you laughing for?"

"Haha, haha, very funny." Feng ming didn't answer, only kept grimace, making the crowd felt more curious.

Only Rong tian looked calm, said:" Don't need to ask, he must be thinking of some weird idea again."

"It's not a weird idea." Feng ming suddenly stop laughing, raise his eyebrows and said:" Is another one of the great invention in the era."

"Duke ming don't give a riddle, please hurry speak."

Feng ming turned, Spoke to Rong hu:" Rong hu, can you drill a hole up here directly to the outside?"

Rong hu sighed:" After surveying how hard the top soil here, we will know then." hurriedly stood up and turned to find somebody to survey the soil.

Feng ming ordered Chiu yue:" I want some long straight pipe, bronze mirrors. Remember, the more smooth the bronze mirrors the better."

"Yes, i will find the best for Duke ming." Chiu yue knew that Feng ming would make something interesting again, she excitedly stick her tongue out at Chiu xing.

The two hurriedly go to prepare Feng ming's order.

Lie er dissatisfied said:" How about me?"

"You'll be my assistant later."

Rong tian raised his eyebrows," What do you to make?"

"It's difficult to explain to ancient people like you, wait until i finished making it then i will tell you." Feng ming felt proud, yet sit on Rong tian's lap and sang the melody of Xi rei.

Not a while, Rong hu has returned."

"Reported to Duke ming, although the soil is hard, but we still can drill a hole."

"Great, You immediately find a good location to drill the hole. Chiu yue, have you prepared the things?"

Chiu yue rushed in, some guards behind lift a long bamboo pipe:" Here, here, fortunately Chiu yue and i are always bringing the bronze mirror, This is also the reward from the Great king, very smooth."

"As long as the effect is good."

Feng ming saw the tools have been complete, excitedly starting to command around.

The thing he want to make actually is not difficult, busy for some time finally finished. Feng ming smiled and said:" Done, then still left Rong hu to drill the hole."

The crowd lokking for the thing that had made the busy all day long, a long bamboo embedded two smoothbronze mirrors, exposing dazed look.

"Duke ming, What is the function of this thing?"

"Is it for going through the hole to the surface?"

Feng ming sip the tea, let the thirsty throat to rest for a while, nodded and said:" This is called periscope, two mirrors can reflect the light, parallel light rays pass from the top to the bottom. We stand beneath the ground, by using this thing, it's like we are standing on the grassland."

Chiu yue shocked:" Unexpectedly this magical!"

Lie er suspiciously stretched his ear:" This thing really that good?"

"Hmm, wait until then you all will know."

Unexpectedly Rong hu drill the hole for approximately three hours but still no movement, Feng ming like being stratched by cat, constantly walking back and forth in the cave.

"Rong hu hasn't done yet?"

"How can so quickly?"

Rong tian pull the irritated Feng ming to sit beside the table:" Let's just eat something first."

"I'm impatient, This great invention...." Rong tian hurriedly stuffed Feng ming's mouth with food, Feng ming chewed and the swallowed it, licking lips and said:" hum, delicious, give me again."

Rong tian laughed, sureenough, personally fed him again.

After finishing dinner, Haven't seen Rong hu's report. Feng ming being caught by Chiu yue to change cloth, go back to the cave, stomping and said:" This won't do, i want to personally go to supervise."

Rong tian shook head and sighed, hold Feng ming's waist and hug him:" Your patience is extremely poor. Rong hu always doing thing neatly, if he can't, it's no use for you to go supervise then. How can drilling a hole to the surface is an easy task? let's go back to the bedroom, tomorrow we will ask."

"Tomorrow?"

"Of course tomorrow." Rong tian's challenging eyebrow, ambiguously leaned over, his big hand stroking the curve of Feng ming's back, laughed:" Who told you to teach me "The spring night is worth a thousand gold"? that was the most useful word that you have teach me."

"Pervert!"

Opposing again and again, Rong tian has pushed Feng ming back to the bedroom.

In one night making him backache, the second day Feng ming struggled to get up from the bed.

Rong hu had already been waiting inside the cave, seeing Feng ming and smiled:" the hole has been done, now only wait for Duke ming's tool."

Feng ming excitedly gearing up and said:" immediately start the work!"

Suddenly one speak thousands respond, carefully inserting Feng ming's Periscope into the hole. Everyone busy for a long time, finally has fit in the place.

Looking at the length of the pipe, the upper ground is not that far from the beneath.

The exciting time finally came, Feng ming shouted, the first one to looked at the periscope, focusing his eyesight.

A moment of silent.

Chiu yue chiu xing wait beside, widely opened their eyes to look at Feng ming's movement. Rong tian leaned against the wall, slightly raised his lips.

After a long while, Feng ming finally turned away from the periscope and looked at the crowd, looked weird.

"Duke ming, you can really see the surrounding circumstances?"

Lie er step forward, shaking Feng ming's shoulder:" Duke ming?"

Rong tian coughed , said:" If you can't see, there is no big deal, probably the hole drilled at the wrong

place?"

Feng ming blanked for a while, and weirdly looked at Rong hu:" Why you choose this place to drill the hole?"

Rong hu doesn't know the reason and answered:" The soil here is more suitable, so i choose here."

We are now perfectly beneath the room i lived before, according to my speculation, maybe the edge of the hole is beside the bed, there are some flower pots that being planted by Chiu yue Chiu xing, and it's in the corner, should not be noticeable."

Chiu xing screamed:" So this thing is really can be used then?"

"Oh my God, It's really this magical!"

Feng ming saw the crowd so excited, quickly put his finger on the lips:" hush, be careful the sound will be heard above." His great product successfully used, yet did not reveal exciting appearance, instead his face showing fear, turned to looked at Rong tian, lower his voice:" i saw Ruo yan, he sit in the room, and some generals are standing beside him. He...he actually come here in person, certainly for catching me." His black eyes staring showed anxiety, and shrinking into Rong tian's arm.

Feng Yu Jiu Tian Vol 4 Chapter 5

Rong tian not expected Feng ming to be this scared after seeing Rong tian. His eyebrows pricked, stroking Feng ming and said:" Don't be scared, i'm here with you."

Lie er Smiled:" We have selected the right location, If Ruo yan staying in the room that Duke Ming used before, then we can observe their military layout."

Feng ming peek out from Rong tian's bossom, frowned and shook his head:" Periscope only can see the situation above, but for the voice, i can't guarantee."

"As long as we can see them it's already enough." Rong hu stood up:" I can read lip motion, more or less, i can guess what they're talking about." He turned and following Feng Ming's way stoop to looked at the periscope, Surprisingly said:" Huh, it really can see the situation above, Ruo yan is like sit down in front of us."

"Of course, this is a high-tech product." Feng ming started feeling proud.

Rong hu suddenly said:" Wait, they're discussing about us." everyone immediately concentrate.

In accordance to the mouth motion, Rong hu repeated the conversation between Ruo yan and the Great General Lu wei.

Lu wei said:" The rebel army of The Earth-moon tribe has been hiding under the underground

labyrinth, Great King why not immediately send the troops to the labyrinth entrance?"

Everyone underground startled, not expected the Li Kingdom have known that they are hiding in the underground labyrinth, also have known the entrance location.

Ruo yan said: "Approximately how many people the missing rebels of The Earth moon tribe?"

"Approximately Three-five hundred people, Added Xi rei's spies, perhaps seven hundred people."

Ruo yan asked again: "Can hide such large amount of people, have you ever seen such underground palace?"

Lu wei hesitated: "never"

"Such underground palace, the road must be criss-crossing, once we rushed in, like being caught in the quicksand, can't be easily come out. Moreover, fight an invisible enemy, it will only increase our military casualties. I have another trick, can catch those people alive."

Lu wei admired: "Great king is wise, do we still continuing to send people out to guard the entrance, arrested all the spies that have been sent out by them?"

"These days the Earth moon tribe can't be controlled, continuously sending people out to get some information, you must assure that those people will be caught all, and not let single one to escape, I want those underground mice can't get a single information of the ground above."

"Yes." Lu wei frowned: "unfortunately those people are very stubborn, after being caught, they will immediately suicide by swallowing poison. Sometimes, one or two people can be stopped by us, despite torture but refused to reveal the underground route. If only there is one person that can be used by us to send the fake information to the Earth moon tribe, then that would be great."

Lu wei said to this point, Feng ming and others cursed the despicable Li Kingdom.

Ruo yan sneering: "Don't worry, let them staying underground for some more days. My sister tomorrow will be arrived, wait until her arrival, then we will handle them."

"So Princess Miao Guang tomorrow will arrive, then that will be great."

Discussing until this point, there seem to be someone outside the room that reporting some news. The two walked out the room together, the discussion stopped.

Rong tian and others also back to the Great Cave, and only let one people to observe the periscope.

After seeing Ruo yan, Feng ming has been unhappy, muttering: "Miao Guang? Why must wait until Miao Guang's arrival?"

Because Feng ming repeatedly being harmed by Miao guang, Chiu xing hated Miao guang to the bone: "That wicked woman, if she fell in our arms, I will sword to scratch her face."

Chiu yue softly said: "She is not even as beautiful as the Third princess, what's the use for you to scratch her face?"

"Ruo yan won't wait Miao guang to command the army, and also won't wait Miao guang for him to set the strategy." Lie er leaned, his delicate eyebrows slightly twist, soliloquize: "Perhaps Ruo yan had instructed Miao guang to do something, and after finishing the mission, then can strike in to the Underground palace?"

Everyone brooding.

Rong tian suddenly lower his voice and said: "Ruo yan understand that if there is no map, then the can't strike in."

Feng ming looked at him: "Perhaps Miao guang will send the underground map?"

"It's not possible, if Li King has the underground map, we would have died." Rong hu calmly analyzing.

Rong tian looked at Feng ming, seemed like something came to mind, his eyes suddenly flashed a light: "He refused to send the troops down, perhaps he want to force us to go out?"

After being reminded by Rong tian, Feng ming frowned, sipped his lips and said: "Dealing with such underground palace, the best way is using smoke. When the heavy smoke come in, the enemy wouldn't want to be choked dead and will rush out."

Chiu xing still don't understand: "Such great underground palace, ordinary smoke can force people to rush out?"

Such words making people all looked at her, looked extremely nervous.

"What's wrong?" Chiu xing strangely asked.

Lie er muttering: "You're right, Ruo yan won't use ordinary smoke."

"Li King is good at poison, then he must also be good at toxic smoke, if there is suitable drugs cited, the toxic smoke must be very scary."

"The drugs cited is difficult to get, so he must wait for Miao guang to take the concoction here."

Rong tian smiled softly, stood up stretching his muscles and joints, leisurely said: "Let us guess the

mystery of this toxic smoke."

Chiu yue said:" This kind of smoke, maybe have severe toxicity, just a little bit of inhalation, then will be poisoned."

"To deal with such huge underground palace, the toxic smoke must need wind to filled the entire underground labyrinth, to let no one can escape."

"If like this, then everyone will be poisoned in the cave? As a result, Ruo yan don't have the map, so he can come in to investigate, then how can he know the people that he wanna kill have been killed?" Rong hu speak slowly his doubts.

Rong tian appreciate and looks at Rong hu, nodded:" Rong hu is very careful." He held hands and walked in a circle, slowly said:" Ruo yan's toxic smoke, most likely to confuse people sanity, just a lot of spray into the cave, letting the people being poisoned, and rattling at the entrance, the rattling sound tempted to go out. Only by this way can catch the people alive."

Chiu xing sipped her lips:" Ruo yan really gives a lot of effort. But....why he must catch us alive?"

Lie er mocked:" You think the people Ruo yan want to catch is you?"

Feng ming suddenly felt something, looked at Rong tian.

"If not for catch alive, perhaps Ruo yan has already drain or burn the entrance, using deadly trap to kill us all." Rong tian giving faint smile toward him:" Feng ming, these six days of us all to stay alive is all thanks to you."

Feng ming suddenly startled, his back felt chilly:" Me? Why Ruo yan want to catch me? i....." remember on the top of the cliff almost being eaten by Ruo yan, Cold sweat flowing. He blankly looked at Rong tian, suddenly jumped, shouted:" I don't care, you said you will block all the problems for me. Rong tian, don't you ever forget your oath." He's afraid of Ruo yan to the bone, remembering that Ruo yan in above is thinking how to catch him alive, he even forgot that dignity of Duke ming, embrace Rong tian's shoulder and began to cry.

The people in the cave suddenly looked at each other.

Only Rong tian giving Feng ming a hug and dearly said:" Of course i will block it for you, don't you trust me?"

Warm words to comfort Feng ming, Rong tian suddenly being serious and said:" Tomorrow after Miao guang's arrival, Li kingdom will immediately attacked. The crisis will come. Chiu yue, you immediately go see the Earth moon tribe patriarch, informing this urgent news to them. Besides, asked clearly whether there are other ways out?"

Chiu yue Chiu xing said yes and hurriedly go.

Rong tian turned and giving Rong hu order: " You continue guarding the periscope, if there are any Ruo yan's further movement, immediately reported."

Rong hu said yes and then immediately go.

The cave only remaining Rong tian and Feng ming, also Lie er and other confidants.

"Rather that just sit and wait to be attacked, it would be better to immediate counterattack." Rong tiang sadly staring at the small map on the wall. Bearing dignified.

Feng ming's face became pale: " Counterattack? Ruo yan they are guarding in the entrance, if we go out only will have a bad luck."

"Look at you, when discussing Ruo yan you immediately became scared." Rong tian squinting his eyes, and said: " Ruo yan is now above of us, it's not difficult to deal with him?"

"you mean...."

"Periscope originally hollow, remove the two mirrors, we will attack first to protect ourselves." He remember all the vulgar proverb sentences that Feng ming taught him very clearly. Rong tian smiled at Feng ming, His deep eyes revealing The king's dignity, thin lips lightly spitted out two words: " poison him."

" Poison him?" Feng ming slightly thinking, suddenly regain the spirit: " Poison through the pipe, if Ruo yan sleep there at night, then it will be great." Couldn't help jumping excitedly on the ground a few times.

Rong tian saw his childish behavior, purposely felling awkward and said: " Don't get excited too early, we still have some questions."

"Questions?"

"First, we don't have any poison in our arms now." Rong tian said seriously: " Ruo yan is good at using poison, as a king he also have to prevent any dangerous plot, he must be regular using poison starting from a child, to enhance the physical sediment, the regular poison, perhaps can't kill him."

"You don't have any high quality poison? kind of like a series of pumice?" Feng ming annoyed and shouted.

Rong tian glared at him: " I'm not Ruo yan that vicious kid, as a Great king, why carry the poison?"

Feng ming feel dejected again, walked in a circle, and sit on the chair.

Rong tian said:" Second, if we poisoning Ruo yan through the pipe, the other day Miao guang will be alerted. To investigate a little, they will find out the periscope. Then, our location will be exposed."

Feng ming coldly said:" And maybe Miao guang will learn from us to poison us through the periscope, we will be like a group of mice that being locked in the laboratory and being poison to death."

"Therefore, as long as there is no other way out from here, we can't just poison through the pipe."

This time, Chiu yue Chiu xing have come back.

"Great king, we have informed the patriarch." Chiu yue sipped her lips:" For the other way out from here. It's too huge in here, so far, only some big cave that have been explored, and the entrance is also the only one to go out."

Feng ming more depressed:" Then, there is no other way."

Rong tian silence for a while, and said:" Anyway we can't delay until tomorrow. No retreat, then only can take the risk.

"Didn't you say we can't poison him?" Feng ming using bad tone to ask.

Lie er seemed to come to understand:" When late at night, we give the sleeping smoke through the periscope to make Ruo yan in a deep sleep. Though Ruo yan can resist the poison, but he can't escape from the sleeping smoke, then open a passage, send people to go above, and kidnapped Ruo yan."

"Li King in our hand, who dare to attack us?" Rong tian's eyes shined, and smiled.

"To open a passage of people in one night from underground to the land above is not an easy task." Chiu yue frowned:" Let's see, only a simple passage for one single pipe has made Rong hu busy one night."

Rong tian proudly said:" It's about Life and death, can't hesitate. We will be able to make it. Lie er immediately go to meet your brother, tell him about the plan, i want him to make a passsage to Ruo yan's room tonight."

"Yes!" Lie er Said yes loudly and hurriedly go.

"Chiu yue, you go again to the Earth moon tribe cave to inform our plan. Tell them to gather here tonight for the raid. If we can handle Ruo yan, then there is possibility to win." Rong tian commending, Calm and collected.

Feng ming see him handsome and suave, also competent, the worry in the heart has retreated

slightly, also got spirit and said:" To open the passage is the physical work, my Physics knowledge can be helpful, at least can use the mechanics. I will now go to help Lie er."

Just when he want to step forward, there are rapid footsteps coming to the cave.

Dongdongdong, the one come is surely flustered.

"Great King!" someone shouted, and the one flew unexpectedly is Rong hu. Rong hu looked tense, exposing panic, Lie er also following behind and flew in, looked at his expression, it seems like he met Rong hu on the way here and following Rong hu here but still don't get what had happened.

Rong tian lowered his voice and said:" What happened?"

"The periscope has been discovered by Ruo yan, when he and Lu wei discussing about the military matter, he turned the sight, and noticed the periscope that appear in the corner of the bed."

This time Rong tian's face has changed, gritted his teeth:" This Ruo yan really has sharp eyes."

"Also, Miao guang has been arrived early just now, i saw her in the periscope just now." Rong hu added.

Feng ming shocked:" it seems, Ruo yan will discover the periscope function very soon."

"The worst thing is, he can use this to know our location." Rong tian showed a serious face. He thought for a moment, Lower his face and said:" After Ruo yan finally understood, he will immediately attacked. Miao guang has arrived, The toxic smoke will be instantly made. Chiu yue, you hurriedly inform the Earth moon tribe, tell them the situation has changed, immediately prepare for the counterattack."

He turned to look at Feng ming, suddenly hugged Feng ming, softly said:" Don't be scared, life and death, we will always be together." the aspects of his life is wisdom, unfortunately his army are not around, trapped in underground palace, even his plan to counterattack has been discovered by the enemy.

Feng ming gritted his teeth and nodded:" Okay, we will be together."

They hugged tightly each other, but in their hearts they know that to make a passage from underground to the land above is very difficult, but to make the passage from the land above to the underground is not difficult. When the entry has been made, the toxic smoke scattered in, not go out will end up being caught alive, go, In thisstrange deep underground palace, It is likely an one way to the dead end and can't even see tomorrow ever again.

"Feng ming, we are not running away." Rong tian hugged Feng ming. We can't ran away. Under the decision, there is no objection.

Rong tian was King. Xi Rei's king.

Rong tian was not wrong speculating. The toxic smoke spread all over and not leaving any room and lingered through the drilling hole from Rong hu.

Feng ming has already ordered Lie er: "Find some fabrics, wet with water, in the middle wrapped in wet soil, cover on the nose and mouth.

Temporarily, it's not sure whether the gas mask was effective. All people are in hurry to wore the mask on the face.

They looked at each other, they all in weird appearance, but at this time, nobody had a joking mood.

The toxic smoke is just the first round of attack.

As expected, after the toxic smoke, there was a roaring sound, not far from the toxic smoke infiltrated place, a big hole has been pounded by The Li army. Chunks of rock soil dropped from the ceiling of the underground palace.

"Our only way out is while Ruo yan is expecting us to be poisoned, we will rush out and fight back," Rong tian quietly watched the crowd.

His cronies are here, Rong hu, Lie er, Xi rei's warrior, and the Earth-Moon tribe's last power, also Chiu yue Chiu xing the maid servants added together are not even more than 700 people.

The sword had been held in the hand, Feng Ming had quietly stand shoulder to shoulder with him. Rong hu silent, but couldn't help to speak: "Great King please stay in the underground palace, i will lead the troop to fight and Great King took the opportunity to escape." Seven hundred people to fight ten thousands army, even the raid, no chance of winning.

Rong Tian slowly sighed. He also knew that this war was hopeless. But he shook head: "If we don't take this opportunity to rushed out, The only way out will be gone. It's hard breathing in the underground palace, it's inevitably to be caught by Ruo Yan.

"Underground palace have many paths, it's not even sure that we will be found by Ruo Yan," Lie er said: "If Great King refuses to escape from the Li King, please let me protect Duke Ming, let us flee to the depths of the underground palace."

Feng Ming's heart tighten, Pearl black eyes stared at Rong tian.

Rong tian turned his head and smiled toward him, lightly said: "Feng ming won't leave my side."

Feng ming felt touched, can't help but move his feet, until his shoulder touched Rong tian's, he turned around and stared at Rong tian.

The light yellow smoke had drifted here, condensate in the air, strangely scary, Rong hu wore Feng ming's simply made gas mask, breathed deeply in the thick yellow smoke. The crowd waiting with bated breath.

In short while, Rong hu turned around, make a gesture.

Sure enough it could filter the toxic smoke, Feng ming suddenly relieved. How poisonous the ancient toxic was, still couldn't even matched the modern chemical weapon. Not even sure that the soil in this underground palace could filter the air in tiny particles.

But anyway, it was still God blessing.

The sound of the bell was ringing from afar, disrupted the mind.

"Ruo yan is using the bell ringing sound to bring the people who poisoned out," Rong tian said, "We just need to pretend that we have been poisoned, quietly walk toward the bell sound. Listen to my order, as long as Ruo yan show up, we will kill him. Only by killing Li King, the Li troops will be in chaos, then we can escape."

Everyone nodded. Their eyes showed Inexpressibly perseverance.

The yellow smoke was thick, not faded away, but slowly forward. The crowd was using the gas mask to walk through the thick smoke, passing a very long path, the light had been faintly showing.

"It's strange, there is no smoke around the place where the bell sound coming. God bless my Xi rei." Rong tian removed the gas mask first, breath deeply, frowned and said, "You all can remove the gas mask, there is no toxic smoke in here."

They had to pretend being poisoned to attack Ruo yan. But of course not while wearing this odd gas mask.

The sound of the messy footsteps echoed in the tunnel.

Ruo yan was smiling standing in front of the entrance of the underground palace, looked at the crowd that walk with the stone ladder with blank expression.

The exit is in Feng ming's previous room, this moment the surrounding walls have been demolished. Thousand of troops armed with swords surrounding around.

The people of Xirei and The Earth-Moon Tribe Procrastination stuck out their heads, no eyes widely opened, getting together.

The last to appear, are Rong tian and Feng Ming.

One was an imposing appearance, while the other one was a pretty and fascinating appearance, stick close together. Ruo yan seem unacceptable for a moment, these two people can't obediently stand in front of him.

"Hah, really infatuation, being poisoned still stick so close together," Ruo yan examined the two people, handing the bell to Miao guang, lifting Feng ming's chin, smiled and said, " Duke ming, how have you been?" Silky and soft skin making people heart throbbing, make people fascinated by his magic.

Still showing beautiful eyes, suddenly his eyes looked fixed, like meteor flashed through his eyes.

Ruo yan startled, hurriedly jumped back.

"It's a scam." Although he screamed fast enough, but it's already too late. The sword behind Rong tian's back had been pointed at his face. Calmly in one swing, though Ruo yan had used fast speed to jumped back, but still bleeding.

Rong hu shouted:"Attack!"

The crowd gathered, Their eyes flashed killing aura, there was no slightest slack.

"Catch King Li!"

Brutal Killing, fresh blood spattered everywhere, roaring sound in around.

The guards around Rou yan caught off hand, screams sounded again and again. For a moment, Ruo yang and his guards being circled by Xi rei's troops in the center.

The outermost of the circle was the thousand troops of Li Kingdom.

"Brother King!" Miao guang felt anxious.

What a chaos.

Rong tian shouted:"Ruo yan, take my sword!"

Fierce withdrew, the sword hit the armor, making sparks. A sharp pain made him frowned. When he turned to took his sword out to block the sword, he got attacked by Rong tian.

He stagger backward. block the sword again. The guards desperately blocked the attack that came from everywhere. Ruo yan face to face against Rong tian.

The king of two kingdom, attacked in the chaos.

Tragic, The troops in outermost eager to protect the king, surrounded and killed the people in the middle.

There was fleeting opportunity, Rong tian attacked three times in a row, although injured Rong tian, but it was a hopeless situation. The rest people beside him, lack of number with only two hundred people.

The Li troops had been attack into the Xi rei troops, gradually moved closer to Ruo yan that were in critical situation.

Rong tian didn't wait to think, turned and pulled Feng ming.

"Breakout!"

Breakout? from where to breakout? Feng ming looked around, Li troops were everywhere, Screams were everywhere, Rong hu and others covered with blood protecting around.

Sea of blood, had already difficult to differentiate between sky and earth, life and death.

Common sense had gone, the sword in the hand swung wildly, every each swing carried blood. Ruo yan, he was nearby.

They tried to move slowly to avoid the Li troops, but it's just wishful thinking. But they already moved to the cavalry of Li troops. Rong tian swung the sword, killed people, snatched the horse.

Turned around, suddenly holding Feng Ming onto the horse:" Go!"

He also grab himself a horse.

Rong tian whipped at the horse's back. Rong hu was smart, he already snatched a horse and rode on it.

The underlings had been killed or injured and exhausted. Lie er struggled, the flower beads on Chiu yue's hair had been crushed to pieces.

Rong tian brought only a few people to fight, Ruo yan's howling being heard:" Catch them, Catch them for me."

Great and mighty, there is unmatched in the world.

Rong tian in this moment was making people stunned.

Swing the sword, life and death.

Feng ming turned around, Rong tian's back had carried one person, a small body struggled in Rong tian's arm actually is Miao Guang.

" Ruo yan, don't you want your sister's life?" Rong tian roared.

Li troops trembled.

Since when Miao Guang fell to Xi rei King's hand.

In a gasp, Rong tian had brought people to rush out the surrounding. Speckled with blood all the way.

Rong tian forced the horse to turned around, smiled at Feng Ming. Thousand troops, in critical moment, he still smiled so warm, Feng Ming was absentminded.

"Feng Ming, i'm really not willing."

Ominous feeling suddenly came.

"No", Feng Ming suddenly screamed:" No!"

He rushed to the front, he being hit on the back of the head. He suddenly felt unconscious. Before fell to the ground, a hand caught him.

Rong Hu.

Rong tian's eyes flashed praise to him, slowly said:" Go first."

Ruo yan was not a mediocre person, a Miao Guang in enemy's hand wouldn't hold him long.

Rong tian was a King, only Xi Rei King can messed Li troops.

Rong hu not saying a word, holding Feng ming and rushed away.

Fierce wind, diseased horse.

Rong tian smiled lightly, proudly looked at faraway Ruo yan.

"It's surprising that you actually quite love your sister."

Ruo yan also smiled:" You think they can escape from Li Kingdom?"

Rong tian didn't answer, hit fainting the struggled Miao Guang in his hand. Pulling the rope, the horse collaborate, as if it knew the one riding is a true hero.

"Ruo yan, for me as your opponent, you must not want me to die easily." Rong tian leisurely said:" How about we compete in a battle."

The wounded ribs had been bleeding profusely.

"I will let Miao Guang go, before you killed me, don't let your troops to catch Feng Ming."

Ruo yan laughed coldly, his dark eyes, had a slightest appreciated.

His hand gently loosen, the fainted Miao Guang fell on the ground.

Ruo yan raised his hand:" Transmit order, Lu Wei army surrounded nearly ten miles. Seeing Xi rei King, not allowed to kill, we can only catch." Receiving the bow from the guard beside him, Ruo yan smiled cruelly:" Today, i will personally hunted the so called Great King from Xi Rei."

The last sword to protect himself, also being threw by Rong tian to the ground.

He coldly reminded:" before you killed me, you're not allowed to catch Feng Ming."

"As the King i promise." Ruo yan said:" Don't worry."

Rong tian smiled lightly. Although he had covered in blood, no weapon, but still very noble.

King.

He trusted Ruo yan.

"Rong tian, how long you can delay for Feng Ming?"

"The longer, the better."

Rong tian laughed loudly. turned the horse.

Whipped the horse, the moment the horse flew, Ruo yan had raised the bow. The arrow like meteor had been flying toward him. Pierce deep into the right shoulder.

The blood spatter.

The horse shrieked and bolted.

Ruo yan saw him went far away, whipped the horse to go forward.

"Rong tian, i want one arrow after another, slowly take your life away."

The clear sky, you're surrounded by thousand troops, unarmed, If escape this fate to be shot into a hedgehog?

Feng Yu Jiu Tian Vol 4 Chapter 7

Flash of blood, the shade of sword, roaring sound of the dying people, surrounded all over.

The heavy air was clawing out, there was only darkness around, pressured over.

Rong tian's last smile.

Heartbreaking smile, in a blink of ayes turned into a blood-red.

Half opened wings were thrown in the air.

"No....." Feng ming Struggling to wake from the dream, suddenly sat up, his forehead was full of cold sweat.

He opened his eyes, the surrounding was in the dark, he felt the silence different from the dream.

He breathed heavily, listened warily. There was a slight sound of water.

"Duke Ming" The heavy sound.

"Rong hu?" Feng ming also down the voice, "Where is this place? Where s Rong tian?"

"We are in a ship that carrying Li Kingdom's rich family, There are Li troops everywhere searching for us"

"Where is Rong tian? Where is he?" Feng ming asked, " Also Lie er and others, Where are they?"

In the darkness, Rong hu only silence.

Feng ming hold a breath, wait quietly.

For a long time, Rong hu said softly, "I don't know"

His beating heart was like being hold in a palm. Tighten, tighten, and tighten.

"Are they all dead?" Surprisingly calm, a little numb lips spit these words.

Rong hu leaned over and touched the narrow bilge. He repeated heavily, "I don't know. Duke Ming, the situation is critical, please take care of yourself."

Tighten, tighten, the gurgling blood from the heart was flowing from the fingers.

Feng ming closed his eyes, slowly leaned against the wet bulkhead of the ship.

"Do they still have a chance to live?"

Breathing had become a painful torment, every time, felt like piercing the heart.

Rong hu answered, "Perhaps."

Silence, shrouded by darkness.

"Rong hu" Feng ming asked slowly, "Can i cry for a moment?"

"The people on this ship will hear you," Rong hu's voice was actually a little choked.

All the pain was desperately being suppressed, Feng ming kept silent in the bilge. Severely biting his lips, the smell of blood filled the mouth.

After calming down a bit, Feng ming's voice sounded a little bit husky.

"What time is it now?"

"Midnight. Duke Ming had been sleeping for two days," Being scared of Feng Ming refused to leave Rong tian, so he just used violence.

"Are we on the way back to Xi Rei?"

"Ruo yan would have blocked the road leading to Xi Rei. We are heading to Bo Jian first, we will detour to back to Xi rei. This ship just happened to heading toward Bo Jian."

"You're doing great." Feng Ming opened his eyes, his eyes were shining in the dark: "If something happened to Rong tian, only the empress can take over the overall situation, i must go back to help the empress."

Rong hu always scared that Feng ming would argue to go back saving Rong tian, Rong hu relieved at the moment: "If Duke ming understand the overall situation, then i can rest assured."

"Don't worry about me."

Feng ming's voice, having a little heavy perseverance.

It turned out that pain can change a person's part of themselves.

Rong tian, you smiled at me so gently, whether you know that i will appreciate your intention? Although I hate to sacrifice your wishful, but for your smile, I will take good care of myself.

If i can't pay you with my life, then my life will belong to Xi Rei, the place you belong to and protect the most.

Traveling in despair, Feng ming only supported by the last hope he got in going back to Xi Rei.

Feng ming was lying on the bilge for a few days, not talking, seemed like he had lost half of his soul. The sound of water under the ship, keep flowing, sometimes, it made Feng ming thought that it was Rong tian's blood dripping nonstop.

The bilge of the ship was dark and wet, make them not aware of day or night, also there were no other people coming in here. Feng ming didn't sure how Rong hu dragging the unconscious him to this place. Rong hu every day would go up there some foods and drinks, they didn't know the outside information at all.

"Duke Ming, after passing a few days, the ship will pass the border of Bo jian and Li kingdom," Rong hu said, "As long as we leave the Li kingdom, we must immediately landed."

Feng ming didn't have any appetite at all, he forced himself to eat a little food and leaned on the bilge's wall.

Rong tian's smile always flash back in his mind. Due to that smile, he constantly hovering in the survival and despair.

Rong tian, where are you exactly now?

Since the first time Feng ming came to this space, he really fled away a lot of times, but he never felt discouraged nor stronger than this moment.

Feng ming spent the day at a loss.

The ship suddenly stopped, it crashed a little.

Rong hu concentrated to hear, "To the border, it must be from the Li troops in search of vessels crossing."

"That ship..."

"Duke ming don't worry, the owner of this ship is a very powerful person in Li kingdom, No one would embarrass his family." Rong hu calmly said," The troops will search for a while for showing obeying the rules, and then released the ship."

Waited quietly, the ship still didn't move. Otherwise, it came the voice of a little quarrel.

Rong hu frowned," What happened? Don't tell me Li king is so strict, even this kind of ship have to be thoroughly searched?"

Feng ming stood up, silenced for a moment, holding his sword in his hands.

"Based on my calculation, Ruo yan must have known that we won't go straight back to Xi rei," Feng ming said," it is difficult to go back to Xi rei, I've guessed it."

Rong hu concentrated in hearing, and suddenly he looked stern," This is bad, they really want to search thoroughly on this ship, the guard on this shon can't even stopped them." He suddenly stood up, said to feng ming," Duke ming, We can't stay here any longer, i will go up there first, when Duke ming hear a chaos outside, hurriedly go up there. This river is heading east-west, after jumping off the river, Duke ming must swim to east direction, when Duke ming see hurdles, Duke ming must immediately go ashore to find another path, because there will be trap under the water." While talking he went toward the wooden stair.

In this situation, the last person beside him also had to sacrificed himself.

Feng ming held his sword, his slender fingers as if wanted to embed in to the hilt.

Noisy, it really sounded crowded outside. Roar, mingled with the sound of touching Weaponry. Feng ming gritted his teeth, rushed outside. Dazzling sunshine shine so bright, piercing the eyes that had already long not used to the sunshine until he squinted his eyes.

The chaos in the hull, ten soldiers were surrounding Rong hu. Rong hu jumped to the side, one on ten fight seemed couldn't beat him up. When he swung his sword, one soldier got wounded, and it made the soldiers even angrier.

Rong hu saw Feng ming rushed out, shouted loudly," Xi rei Duke ming is here, and you all dare to obstruct him."

After hearing that he was the Duke ming that the Li king looking for, they turned to attack Rong hu, they would not wasting their time to attack the unknown man behind. Feng ming looked deeply at Rong hu, he held his sword tightly and jumped off from the ship to the river.

"Caught the Duke ming, will be rewarded." Ancient time didn't have camera, of course, the identification of a wanted person will had less accuracy. Rong hu had admitted himself as Duke ming, he provoked more attacks.

Rong hu had followed Rong tian for years, he was fearless like his little brother, he laughed loudly, "i'm not playing with you all anymore, i, Duke ming will excuse myself." After saying that, he jumped off the river.

After jumping off the river he just realized something wad wrong.

"It's bad!" When Rong hu wanted to swing the sword, there suddenly some waves arose, he was being dragged out from the water by giant net.

Li troops, unexpectedly had set a giant net in the river for waiting the prey.

After being dragged to the ground, he heard a mocking laugh, " If there is no order to catch alive, how come we will let you jump off the river? are we that useless?

Rong hu frowned, " So the one responsible for this searching is Li kingdom's big general, but fortunately the general hadn't seem Duke ming's face, so he desperately catching him.

Rong hu being caught to the ground and tied.

"Wait, it seemed wrong." The general looked at Rong hu carefully, his face darkened, " Who are you really?"

Rong hu calmly said, " Xi rei king's subordinate, Rong hu."

"Rong hu?" The general was very smart, hurriedly asked, " So the other jumped off person is the real Duke ming?"

Feng ming stayed in bilge for days, he was not changing his clothes that full of blood stain and sand, his face was not exposed clear enough, so the general didn't recognize him. Otherwise, he must had recognized Feng ming from his appearance.

Rong hu smiled, " Isn't is a little bit too late for you to just realize it now. After Ruo yan know that Duke ming escaped in front of your eyes. i don't know how angry he will be."

"Not late." the general leisurely said, " The under water is not only trapping net, but also drug. After he jumped in the river, Could he escape it?"

"What?"

"Don't you feel an unbearable headache and your body feel weak?"

Being told by the general, Rong hu really felt his body loses strength. He had been standing, actually thanks to the Li soldier's support.

It's bad, Feng ming being drugged under the water.

"Hurry, You must fast rescued Duke Ming," His head felt heavy, Rong hu still didn't forget to shout loudly before he fainted.

"No need to hurry, after being drugged by my special-made drug, he will naturally floated." The general smiled," The coastal area here is 5 miles away, there are soldiers guarded there, when they saw someone floated, they will immediately report."

At that moment, there is a soldier reported," General, there is someone floated not far away, seems to want to dive at east direction."

"Bring here."

Feng Yu Jiu Tian Vol 4 Chapter 8

Feng ming jumped off from the ship, following Rong hu's recommendations, he struggled to swim toward east direction. After a moment, his eyes gradually blurred, he felt something wrong with all over his body. He felt weak all over, drowsy feeling crawled over his eyes, he suddenly found himself floating on the river, he startled inside, realized that he had been fell into enemy's trap.

There is sound coming from the coastal area, they had apparently found him floating like a 'fish' on the surface of the river. Half-awake half-conscious, the giant net moved close to him, he had been involuntarily dragged to shore.

No, i must go back to Xi Rei. I can't into Ruo yan's hand.

He shouted loudly in his heart, but he could only watched the people dressed in Li soldier came closer to him. He began to feel the surrounding slowly darkened. When he leaned his head, he finally fainted.

The mind calming incense wafted in the air.

Inside the palace of Li Kingdom, the most glorious King palace, silk curtain hung down. Seven-eight pretty looked maid, stood on both sides of the bed. Two neat rows of guards stood outside, big and tall body, armed with ax, solemn and majestic.

The person who lied under the soft blanket, still unconscious. Quietly sprawled on bed, long eyelashes covered the eyes, the upright standing nose and handsome silhouette in the hazy incense showed the well-behaved manner that extremely difficult to see when awake.

His right hand stretched out from the blanket, long sleeve being rolled up to his shoulders, exposing the white skin, pale creamy skin, showing some scars that appeared from nowhere, made people feel dejected.

An old man was sitting beside the bed, gently pressed his finger on the sleeping person's wrist.

Miao guang dressed in a gorgeous colorful coat, yet her face was worried, whispered softly, "Master Yi Ren, how is it?"

"Princess no need to hurry, let me check further."

This old man, was the one who taught Li King Ruo yan about medicine, he claimed himself as Yi ren (If i'm not mistaken, 异人 means "extraordinary people", but in the story i will use the Pin yin as "Yi Ren"), he usually lived by moving around in Li kingdom, this time, he was being summoned to the capital by the king so urgent.

Miao Guang knew his formidable knowledge of medicine, didn't dare to disturb, she only could kept silent while looking at the man's face who laid on the bed.

After checking the pulse for a while, Yi ren frowned and pondered, suddenly opened the blanket and unbuttoned the patient's cloth. A dark scar appeared on a beautiful chest.

He sighed gently.

Miao guang's face changed rapidly, "Master why sighed? Don't tell me Duke Ming he...he..." She is young but a grown-up's personality, she was rarely at a loss, unexpectedly met Feng ming, there are nine out of ten times be at a loss.

It had been 7 days since Feng ming arrived at the capital, still unconscious, if still go on like this, he might not live much longer, how could there is no anxious in their heart?

"Duke ming got a sign of a chest bump, the injuries suffered drastic change, the wound precipitates in the heart, originally it must avoid water, instead, he jumped off the river to escape, after jumping off, his vitality was more severely injured, also at this time being drugged," Yi Ren shook his head, "If we separate the cause, each I can readily rescue. But being put together, disease over disease, to save him is far more than a thousand times difficult."

"Even if it is far more than a thousand times difficult still must save him." suddenly someone talking with deep voice behind.

Miao guang turned his head, hastened to salute, "Brother King."

Yi Ren also stood up, slightly bowed to Ruo yan, "Great King."

Ruo yan slowly walked forward, sharp eyes swept at Feng ming's face, said in deep voice, "Duke ming had subtle identity, he will give Li kingdom great advantage, you must save him."

Yi Ren touched his grizzled beard, after thinking for a long while, "I will try."

Miao Guang rejoiced, "Thank you Master."

"Treatment needs to be quiet, please Great King and princess away for a while, let me think more deeply."

After driving the crowd away, he took an elongated fabric bag from a wooden box, after opening the fabric bag, exposed rows and rows of shining needles.

Revoked a needle, then he acupuncture Feng Ming.

The Feng Ming that have been sleeping for several days, the next day Feng Ming finally opened his eyes under Yi Ren's acupuncture. Seeing eyelashes fluttered, Miao Guang who always stood beside unconsciously exclaimed a little, "Duke Ming? Duke Ming has woken up? Master Yi Ren really incredible."

Yi Ren smiled while touching his beard, and reminded, "Although he's awake, But Duke Ming severely injured, subsequent treatment is the most important."

The dark eyes finally slowly opened. The moment he opened his eyes, showing like a timid deer.

Ruo Yan had been sitting on the bed, at the moment leaned forward and raised Feng Ming's chin, laughed huskily: "Duke Ming, how have you been? Making me wait so long."

The man's strength made Feng Ming frowned, he turned around in confusion, seemed not figured out the situation yet.

"Rong Tian..."

"Rong Tian?" Ruo Yan chuckled, "Don't need to spend your time for looking at Rong Tian, he was being shot dead by my arrows, probably the corpse already rotting into a torrent."

Feng Ming shocked, at the moment it seemed he just recognized the person before him, jewel-like eyes stared at Ruo Yan, it took for a while before he gently shook his head, "I don't believe."

Ruo Yan's gaze sharp as needles, looked straight at Feng Ming, coldly said: "Wait until I find his stinking corpse, then you will believe."

Feng Ming's face showed no trace of color, stared at Ruo Yan. He knew that Rong Tian's at a dangerous situation, now listened to Ruo Yan confirmed to himself yet felt another round of taste. He bit his lower lip, staring straight at Ruo Yan, as if wanted to stare a hole in Ruo Yan's face, the body stopped shaking, stiff as stone.

The air thickened.

Feng ming silenced, even a little crying traces are not showing.

Miao guang and Yi Ren gazed at each other, feeling something wrong.

Ruo yan also aware of there was something wrong, pulled Feng ming from the inner side of the bed to his side, grabbed his wrist and yelled: "Are you dumb?"

Feng ming's wrist being grabbed by him, but no resistance, still stared blankly, after a while, blinked his eyes, when he seemed want to speak, when the purple lips opened, actually made a sound and spitted out a dark red blood.

Ruo yan shocked, quickly let go. Miao guan covered her mouth to prevent the scream. Yi ren's eyes suddenly wide opened, screamed: "Not good!" flew to bedside, busy removed the needles and rescued.

Feng ming already fainted.

The needles being stick nonstop into Feng ming's body, Yi Ren didn't dare to have the slightest careless, densely covered with beads of sweat on forehead.

Miao guang stretched out his head to looked at them. Then turned around to looked at Ruoyan that stood beside, anxiously said, "Brother King why make him angry? Master Yi Ren has been warned us, Duke Ming's body is weak, like a rickety boat, couldn't stand even a little storm."

Ruo yan also stared at Feng ming that lying on bed, coldly said, "If it's not because of your uselessness to let him get away, there will not be this matter today."

Miao guang speechless, and looked down.

Yi Ren kept busy on Feng ming's body for a while, finally stopped, took a deep breath.

"How?" Ruoyan asked with a heavy voice behind.

Yi Ren turned around, hands gently wiped the sweat from his forehead with his sleeve, sighed said, "The sudden anger attacked his heart, almost took his life away. If Great King want to save Duke Ming's life, please don't anger him anymore."

Ruoyan darkened his face, "If i wouldn't allow him to die, then he won't die." He slightly frowned, walked and sat on the bed, his big hand caressed Feng ming's side face, asked, "When will he wake up?"

"Soon." Yi Ren answered, "But his body is frail, he got over-shocked, i don't dare to guess how's his condition after he woke up later."

"Hn, i know," Ruo yan nodded, coldly said, " You all can go out."

"Yes, Great King."

"Brother King.." Miao Guang went to the door, still worried, turned and whispered, took a look at the back of Ruo yan's standing figure, but then she swallowed back, sighed faintly, and walked out"

Both sides of the maid, quietly withdrew and shut the door.

The incense still quietly burning to bring a burst of distant misty chambers fragrance, Ruo yan was sitting on the bed, the eyes staring at Feng ming was showing a King's plunder and fierce gaze.

It's very hard to explain his own feeling.

Hatred and taking advantage, deception and coercion, scheme and conspiracy, these complexes yet for the royal family is something as commonplace.

"Rong tian is really good to you." Gradually, the gloomy face softened a little. Ruo yan's handsome face thrown a little smile, " You also are really good to Rong tian."

He sighed twice, his slender fingers untied Feng ming's clothes.

The naked body showed some scars, Ruo yan Gazed with appreciation, his eyes were like a living thing stroked it over and over again at the body.

He took off his robe, laid beside Feng ming, long arm stretched, slowly put Feng ming into his arms.

"Side with the beauty, is a King's luck." Ruo yan looked at Feng ming's obedient sleeping face, smiled and muttered, " Rong tian has deep feeling, as if I could not? he has already dead, apart from me, who else you can choose?"

Closed eyes, fell asleep under the special incense of Li Kingdom.

At dawn, the person in his embrace moved slightly.

Ruo yan had the excessive sense of alert with Rong tian, eyes suddenly opened, stared at the sound-asleep Feng ming. Feng ming seemed to be in a good dream, her lips was smiling, slightly moved the body, sometimes frowned, as if he was being disturbed in the dream.

Ruo yan silenced, quietly gazing. He realized that when Feng ming frowned, unconsciously squeeze the head into his arms, like a newborn kitten, cute to the extreme, his soft hair brushed at Ruo yan's chin, felt tickled.

"Cough.."

Just when he wanted to reach out and touch the soft face, Feng ming coughed in his arms. He was still in a dream, his eyes still closed, coughed a few times, the smile in his lips disappeared, his brows began to wring, like jumping from a good dream to a nightmare. The coughing hadn't stopped, gradually shortened, his forehead started to sweat.

"Duke ming, Duke ming?" Ruo yan gently called two times, his heart suddenly threw incredible gentleness, gently patted at Feng ming's back.

Feng ming's cough got worse, eyelashes trembling at a moment and his eyes suddenly opened, stared straight at Ruo yan.

Ruo yan secretly alerted, put away the gentleness that emerged just then, coldly stared at him.

Feng didn't seem to fully awake, confused eyes blinked, blankly gazed at Ruo yan, suddenly exposed dazzling smile, softly said, "You're back? very good, i know you will not leave me alone." such as voice still in hazy dream.

Ruo yan shocked.

Feng ming whispered, leaned in his arms, closed his eyes, as if in the warmest place on earth. Ruo yan let him voluntarily came closer, leaned on his chest, felt around surprisingly quiet, the heartbeat was faster than usual.

He pondered in silence, when he reached to checked his breath, found that he had fell asleep again.

Feng ming's leaning position was extremely uncomfortable, but he didn't move, instead, try to follow Feng ming's position. The chamber was so quiet, the place of the burning incense at the corner of the room flashing red star points. Through faint moonlight from the window Ruo yan quietly staring at Feng ming's sleeping face, unconsciously, a few hours had passed.

It had been bright outside.

Ruo yan got up in the morning, he put Feng ming's head back to the pillow. His hand stoked at Feng ming's hair over and over again, he was surprised when he realized that he was reluctant.

"Watch carefully, if there were any movements immediately report," After ordering the maid, he left the chamber for handling the kingdom's affairs.

Although Rong tian had been dead, but the troubles he had brought to Li Kingdom were far from being resolved. Over the years of suppressed rebellion, took advantage from this to made turmoils, thought of this point, Ruo yan hoped Rong tian hadn't died, so he could torture him slowly till death, to vent the hatred.

Unfortunately, Rong tian was being shot personally by him. He remembered Rong tian flew with the horse, one arrow after another was shot in his back, the ground shed a blood-red track, to the end of the rapids, the man riding the horse stopped and screamed, Rong tian already had no way to go.

"Xi rei had finished." he smiled softly, bow up arrow, targeting Rong tian.

Rong tian stopped the horse and turned back, his back, was roaring rapids, facing Ruo yan's arrows. Rong tian indeed was a popular person like Ruo yan, indeed Xi rei's king. Not the slightest fear in his eyes, just speak a word.

His voice, submerged in the roaring sound of the running water. Yet Ruo yan knew exactly what he was saying.

"Do not hurt my Feng ming," The last word he said, " If you want to have him, don't hurt him."

Ruo yan shocked a bit in an instant, the flying arrows that should be shot in Rong tian's chest had landed in his shoulder, Rong tian tragically fell from the horse, blood spattered, on the yellow ground, leave a piece of beautiful flowers in full bloom in the blood.

The rapids near the Earth-Moon tribe not only swift, and mostly connected with underground rivers, ordered the soldiers to search within fifteen miles, still couldn't find Rong tian's body.

Bu, he must had died. No one could stand those wounds while being carried by the rapids.

Back to the palace chamber, Yi Ren had arrived, in the palace personally boiling the medicine.

Feng Ming hadn't woken up, lying lifeless in the blanket.

"Has he woken up yet?"

The maid hurriedly replied, " Duke ming always sleeping, haven't woken up."

The sleeping Feng ming had a strange temperament, Ruo yan sat silently on the bed, and began to reach out to touch him unconsciously.

Handsome face, standing upright nose, and pale lips, being touched fondly by the fingertips.

Finally, Feng ming had woken up, moaned for a moment, as if waking from a dream was a difficult thing to do. The people in palace were waiting with bated breath. Then, a pair of beautiful eyes opened, whenever, the shiny eyes always flutter people.

"Duke ming had woken up?"

Feng ming's expression was more confused than yesterday, Ruo yan patiently waiting for him to react. The dark eyes filled with confusion, Feng ming turned his head, saw Miao guang who just entered the palace chamber, bright shining eyes, "Chiu Lan, Why did i not recognize the people in here?" Feng ming stretched his hand to Miao guang, but the mouth was calling 'Chiu Lan.'

Everyone froze for a moment, Miao guang stopped his step, stared at Feng ming puzzled.

She shouted carefully, "Duke ming?"

Feng ming frowned said, "Why you stand so far? where is Rong tian?"

"I....." Miao guang astounded, afterturning her eyes, tentatively approached, smiled, "I'm not standing far, Duke ming, do you know what this place is?"

Feng ming looked around, laughed, "Chiu Lan, you're really confused, not even recognize the Prince Palace, yet you have spent so many years here. Don't tell me when you grilled the duck yesterday, the fire made you confused?"

Yi ren and Miao guang exchanged eyes, Yi Ren slightly shook his head, using his finger to point at his own head, showing something wrong with Feng ming's head.

"Have you prepared it?" Feng ming asked again.

Miao guang confused, "Prepare what?"

"Today we will examined the terracing, what happened to you, why you are so groggy early in the morning."

"Oh, oh, yeah, yeah." Miao guang immediately changed her way of speaking, "But the Great King had ordered that we can't go out from the palace today."

"Why?"

"Because..because.." Miao guang could not think of reasons at the moment, her brain worked so hard to come up with a reason.

Feng ming's expression changed, loudly said, "I know, That the most beautiful woman wan to come, right? Rong tian must want to accompany her, not letting me know."

He felt agitated, coughed a few times again and again, Miao guang startled and hurriedly patted his back, shook her head and said, "No, no, Great King will not care about that most beautiful woman." This was the first time she encountered such a thing, embarrassed and worried, frequently looked at Yi Ren for help.

Yi Ren took a pen and paper, wrote a few words to show her---When the risk is extreme, just enticed him. Now back to the environment, fear of the unexpected health.

Feng ming looked dazed, "Where is Rong tian?" His eyes shone, seemed wet, suddenly frowned, startled and whispered, "Rong tian has gone, there is a man saying that Rong tian has gone, who? who said that?"

Everyone was shocked, afraid that he had already remembered that Rong tian had died.

Miao guang hurriedly said, "Great king will immediately come, after he handled the affairs he will immediately come over."

"You lied to me, he must be seeing that woman," Feng ming growled and looked around, just like an orphan losing his support, actually cried, "Rong tian, where are you?"

Ruo yan had been quietly observed at the side, suddenly his heart moved, said with heavy voice, "I'm here." Pull Feng ming over from Miao guang, gently hugged, patting Feng ming's back, gave a sign to Miao guang and smiled, "I'm perfectly fine, who said i have been gone? That most beautiful woman not even as good looking as you, i will not go see her."

Miao guang said, "Duke ming, look, the Great king has come. If you still crying, he will mock you."

Feng ming really fooled, stopped his crying, fell into Ruo yan's arm while rubbing his eyes, shyly said, "who cry, that must not be me."

"yeah, yeah, not you." Ruo yan smiled.

Yi Ren had finished boiling the medicine, brought over, Ruo yan took the bowl, "Feng ming, here, drink the medicine."

Feng ming opened his eyes wide, "Why must i drink the medicine? am i sick? did that poison haven't disappeared? no, no, i don't want to be poisoned!" He looked scared, and shrank into Ruo yan's arm.

Ruo yan and Miao guang looked at each other. They only could think of Fu yan poison.

Ruo yan persuaded Feng ming, "If you obediently drink the medicine, then the poison will disappear."

Feng ming frowned looking at Ruo yan, as if it seemed really hard to tell the difference between Rong tian and Ruo yan's face, vagarious said, "Can i only drink a half?"

"Can't."

After a little persuading and forcing, finally can let him drink all the medicine, and then fell asleep.

Ruo yan looked at Feng ming's sleeping face, frowning in silence.

Yi ren spoke in a low voice, "It looked like he is being over-shocked, it confused his mind."

Miao guang asked, "Is there a way to cure?"

"Mind confusion is the hardest problem to be solved," Yi Ren looked helpless.

Ruo yan helped to cover the blanket on Feng ming, stood up, after thinking for a moment, asked in heavy voice, "I only want to know, is there a way to verify whether he really is mind confusion? he always scheming, we have to be careful."

Miao guang surprised, "He is seriously sick, how can he pretend?"

Yi Ren touched his grizzled beard, shook his head and said, "Mind confusion aspects of the disease is extremely difficult to identify, whether Duke ming is really mind confusion or not, there is no way to be sure. But there is one thing, please Great king noted, if Duke ming is really crazy, the test will only make Duke ming provoked; If Duke ming is pretending to be crazy and being exposed by Great king, i'm afraid Duke ming will think of another recalcitrant idea, as a result, Feng ming's illness will become worse."

"This means that, whatever, the best way is to keep the current state?" Miao guang worriedly looked at Feng ming, sipped her lips, "Brother King, just let Duke ming think of you as Rong tian, that's not seemed so bad, right?"

Ruo yan as if remembered something, grunted, looked down to examine Feng ming's sleeping face, sighed and nodded, "I understand, for the time being. Either fake crazy or real crazy is okay, anyway, he can not escape from me."

"Xi rei loses their king, the Empress barely support. Just need to wait for Brother King to prepare, then we can bring Duke ming to attack Xi rei. Li kingdom has a very powerful forces, Duke ming also in our hands, the people will be distracted, will surrender early."

"Correct, as long as Duke ming in our hands, Xi rei has become one of my possession. The way he is now, looks better than the conscious him that looked gloomy." Ruo yan smiled.

Then, Li kingdom increased one important identity prisoner, the king palace had more one guest to stay.

Feng ming's condition later worse later better, when he is better he will sit quietly in the corner of the palace, can recognize that Miao guang was not Chiu lan, Ruo yan was not Rong tian, his handsome face looked alert, ferociously stared at every person who came closer, when he was conscious, did not expect you could force him to drink medicine.

So, Ruo yan preferred Feng ming's worse condition better.

When in the worse condition, Miao guang became Chiu lan, Ruo yan became Rong tian, Feng ming would smile while sunbathing outside, say something meaningless nonsense with Ruo yan, bitter medicine, after a little persuasion, still would drink them.

"Where is Chiu yue and Chiu xing?" Feng ming asked impatiently in Ruo yan's arms, "You said they went to work, why didn't they come back yet?"

Ruo yan kissed Feng ming's face when he looked up, smiled said, "They have many works to do."

"I don't believe, you must be angry. Last time they were naughty, unconsciously smashed at the agate boat you gave to me. Rong tian, you can't punish them." Feng ming cried for a while, said in small voice, "Well, I can help them make amends, you don't get angry. Let Chiu yue and Chiu xing come back."

Ruo yan squinted, "If you want me not to get angry, just don't stop me tonight."

Feng ming's eyes immediately revealed abnormal fear, struggled away from Ruo yan's arms, hid in the corner, "Don't force me, you never force me, why force me every day now?"

Still refused.

Ruo yan felt suspicious, Did Rong tian can resist not touching Feng ming?

"Feng ming, come here." Ruo yan stretched his hand.

Feng ming shook his head in the corner, "No no, i don't want." Since he mistook Ruo yan, every time Ruo yan mentioned about sexual matter, Feng ming would panic, would have a while refusing Ruo yan came near him. Ruo yan was because of Yi Ren always remind him that Feng ming couldn't be provoked, if used force only would worsen his illness, Ruo yan maybe had used violence over Feng ming, why would he restrain so hard?"

Ruo yan sighed, his face showed a little soft, softly said, "Feng ming, i'm Rong tian, don't need to escape, i won't force you."

"It's strange, sometime i feel that your face is always changing," Feng ming frowned, "Sometimes it's you, sometimes it's another man."

"Do not talk nonsense."

There are footsteps closing by, Ruo yan smiled, "Chiu lan has come, hurry come over here."

Miao guang appeared at the door, bowed at Ruo yan, turned around and looked at Feng ming, " Duke ming, why you hide in the corner again? The sun's very bright outside, why don't you go sunbathe outside?"

Feng ming coldly looked at Miao guang, sneered, " She is not Chiu lan, Chiu lan doesn't look like this. Rong tian is so stupid, why can you don't even recognize Chiu lan?"

Ruo yang and Miao guan smiled wryly. Feng ming sometimes got better sometimes got worse, sometimes even half good half bad, making people around him confused too.

Miao guang walked to Ruo yan's side, whispered, " Report Brother King, i have checked the camp of the prisoner, does have a pair of twin sisters named Chiu yue and Chiu xing, being caught in a war with Earth-moon tribe back then, currently they are being put outside the city to do hard slave-labor work. Along being caught with the twin is a man named Lie er, this person is extremely cunning, last month he was succeed to ran away."

Ruo yan said, " Rong tian arranged five trusted aides around Feng ming, a pair of sister a pair of brother and a maid Chiu lan. This Lie er is the same with his brother following Rong tian since childhood, i heard they had done a lot of merit for Rong tian, have a powerful role. But his brother is still in our hands..." After thinking for a moment, ordered said, " announce to all over the country, three days after will arrange the Xi rei spy Rong hu's execution, Lie er will show up, then catch him back."

"Yes."

"Where are Chiu yue and Chiu xing?"

"They had been cleansed and waiting outside."

Ruo yan glanced at Feng ming, turned around with Miao guang and go outside, turned at the corner, certainly could see a pair of twin sisters were being looked-out by the guards in the corridor side.

They had lost a lot of weight due to the hard slave-labor work, white skin turned a little black, but the eyes still actively turning around. When seeing Ruo yan, their eyes showed hatred, being stared back coldly by Ruo yan, they felt creeps all over their body while shivering.

Ruo yan said, " Taking you two out from the hard slave-labor work, is because you grew up in the palace, know how to serve people. And now, there is one person whining to be served by you two."

"Tyrant, you killed the tribal leader, i curse you will not die that easily." Chiu xing gritted her teeth while glaring at Ruo yan.

Chiu yue held Chiu xing's hand, raised her chin and said coldly, " Chiu yue Chiu xing only serve Xi rei King and Duke Ming, for other people, are not qualified to order us."

Miao guan covered her mouth while laughing and said, " You two really stubborn little girl, i guessed this temper of yours because being spoiled by Duke Ming. It's because we want you two to serve Duke Ming."

"Duke Ming?" Chiu yue Chiu xing screamed at the same time, could believe it, they stared at each other.

Miao guang roughly explained Feng ming's condition, sighed, " Everyday he keep nagging, sometime when he nag too much he will vomit blood, we really have no choice but to call you two."

"Duke Ming..." Chiu yue's eyes had been red and wet, choking said, " How come Duke ming had a bitter destiny, being harmed by such a tyrant."

"Do you two may be willing to take care of him?"

"Willing! Of course we are willing!" Chiu xing said eagerly, " As long as you let us stay by Duke Ming's side, we will do everything."

Ruo yan coldly said, " Don't talk too much and meddle around, otherwise...." He paused, his lips showed a chilling smile, " I will hang Duke Ming in the palace for three days without food and drink."

"Don't, don't." Chiu yue screamed out, " We certainly will not have dissent, you can never hurt Duke Ming."

Ruo yan smiled, turned and walked toward the palace gate. Chiu yue Chiu xing followed Miao guang's instruction, and followed behind.

Turned the corner, arriving in front of the door, they could see a familiar figure hiding in the corner.

Kept reminding themselves not to get too excited, the two still couldn't help to cry out, both rushed over to Feng Ming.

"Duke Ming!"

"Oh my God! Really Duke Ming!"

Feng ming also cried out, " Chiu yue! Chiu xing!" He surprised, stretched his arm and hugged the the crying maid, " You all have come back? Very good very good, i'm really happy!" said him very happy for several times, perhaps because too excited, he started to cough.

Chiu yue Chiu xing were taken aback, hurriedly stopped crying, looked up and asked, " What happened, Duke Ming? anywhere feel uncomfortable?"

From behind stretched out two large arm, embraced Feng ming into his arms.

"Told you not to get too excited. If you ever like this again, i will punish you to drink even more bitter medicine."

"I'm not excited." Feng ming shook his head, " Not drinking bitter medicine."

The two little girls watched in amazement that Feng ming well-behaved leaning at Ruo yan's arm. Although they had heard Miao guang's explanation, But after seeing this strange scene, still felt weird."

Ruo yan's obvious gentle face," I let them come back, you should not worry again, right?"

"How about Lie er?"

"Lie er also will come back. After he finished his work, he will come to see you."

"How about Rong hu? Also will come back, right?" Feng ming smiled at Ruo yan.

"Hn, Rong hu also will come back."

Miao guang that already left a while ago suddenly hurriedly returned, his expression looked not so good. Ruo yan glanced at Miao guang that looked hesitant. Hugged Feng ming to the bed, ordered Chiu yue Chiu xing," Bring here the medicine from the side of the house, feed Feng ming to drink." Turned and gave Miao guang a hint with his eyes, the two go out.

"What's the matter?"

"Rong hu escaped..."

Ruo yan's expression deepen," It's Lie er?"

Miao guang nodded, looked a little scared she glanced at Ruo yan.

Ruo yan after thinking for a moment, laughed nonchalantly," Escaped and then what? Rong tian had died, only two mere thieves will not give any changes. Only for Feng ming we must find a way to persuade him."

"Brother King...." Miao guang sipped her lips, after a long while she whispered," Brother king thought Duke Ming is real crazy or fake crazy?"

Ruo yang startled, sighed and said," I hope he is real crazy now, and i assume he is real crazy." Feng ming attached to his arms like a baby frowning look, even there is a moment is real that will be very good.

He, gradually indulging.

It's okay to dream, It's okay to lie, as long as keeping the current situation, it had already been good.

Can't really have Feng ming, also can no longer get a little bit about the art of war or other scheme from Feng ming's mouth, Ruo yanin fact secretly doubt. But he faintly hoped to never expose this seemingly childish trick. Feng ming, what could you do? At most, he only could trick back his maids and guards back, don't tell me he could fly away. Rong tian had gone, even though he escaped, he had no place to go.

Maybe Feng ming really had confused, this was certainly the best.

Within the chamber, Feng ming had already been persuaded by Chiu yue Chiu xing to drink the bitter medicine and fell asleep.

The two maids looking at Feng ming's getting thinner face, remembered the rumor about Xi rei King's death, could not help but cry again.

"Is Duke Ming really crazy?" Chiu xing looked at Chiu yue.

Chiu yue sobbed and wiped her tears," It's better for him to be real crazy, if not, Duke ming is very pitiful."

"Hn, if Duke Ming know about Great King's death, he will follow him die."

They didn't know, Feng ming had vowed at the dark cabin of a ship.

Although I hate to sacrifice your wishful, but for your smile, i will take good care of myself.

If I can not pay you with my life, then, my life will belong to Xi rei----Piece of land you love and you have.

Ruo yan's voice appeared from behind," Do not let me see you two crying agan, otherwise..."

Chiu yue Chiu xing turned around at the same time, scared that he would say to hang Feng ming three days three night, busy wiping the tears, dare to hate but not dare to speak, they saluted at Ruo yan.

"Duke ming had fallen asleep?"

"Yes, jut now."

Ruo yan gazed at Feng ming, smiled, still staring at Feng ming he ordered," You to can go out now."

Chiu yue looked at Ruo yan's expression when staring at Feng ming, being scared inside, she said, "No!"

"Hn? Ruo yan turned his head, looked at Chiu yue.

Chiu xing nervously pulled at Chiu yue's sleeve, under Ruo yan's cold gaze, stammered said, "We served Duke Ming, had never been away from his side, also at night."

"When Duke Ming and Rong tian were together, you two also looking beside?" Ruo yan smiled faintly, " Little girl, you Duke Ming every night sleep under my embrace, had long lost his chastity."

He removed his clothes in front of the two maids, with only a tight little pant on his body, he chuckled and removed Feng ming's clothes, embraced him and laid on the bed.

Chiu yue Chiu xing looked at each other, couldn't describe their inner shock, the clenched fists slightly trembled. Stunned for a moment, the two listlessly step down, and shut the door.

Outside the door, had already stood six maid that responsible for monitoring them.

"That is the place you two will live in from now on. You two will serve in the palace, outside the palace door, we will take over. You can't deliver object privately, can't walk out from the white line of the palace forecourt, do you hear me clearly?"

Chiu yue glared, but hurriedly being pulled by Chiu xing, the words that almost blurted out being swallowed back.

"Chiu yue, don't cause trouble. What should we do if they are not allowing us to serve Duke Ming anymore?"

"Hn, i know."

The two sister looked at the moon in the sky, sighed inside of this cruelty that happened, couldn't help but remembered the Xi rei in faraway that had lost it's Great King."

The next day.....

Quietly opened the door of the palace, Chiu yue peeked in. holding a basin of hot water, in behind, Chiu xing brought towel and others.

Ruo yan had gotten up, under other maids' serving to change clothes.

The two didn't look at Ruo yan, went directly to the bed. Feng ming still dreaming, sleep soundly.

Ruo yan didn't want them to wake Feng ming, " He is not woken up yet."

Chiu yue rolled her eyes, she certainly knew Feng ming hadn't woken up yet. These people never served Feng ming, how could they know how to wake Feng ming up? They must be very rude when waking him up."

"Duke Ming, i'm Chiu yue." Chiu yue whispered softly, gently touched Feng ming's face.

Chiu xing stretched her hand into the blanket, pulled out Feng ming's arm. After wetting and dry rubbed the towel, slowly showing trace of heat. Chiu xing slowly stroked Feng ming's hand with the towel, from the fingertips to the arm, wipe gently without waking Feng ming.

Feng ming seemed to feel the heat, moaned softly, habitually moving his fingers, lips exposing lazy smile. Dark eyes, still hidden under long lashes.

Ruo yan also found it interesting.

Feng Yu Jiu Tian Vol 4 Chapter 9 (Part I)

Only saw the two maids carefully using warm towel to help the yet awakened Feng ming to wipe his arms. Chiu yue poured a pot of hot water to the basin, changed the towel, help Feng ming wiping his face.

The careful and attentive serving made Feng ming happily moaned, began to twist slightly on the bed.

Chiu yue and Chiu xing also smiling. Duke ming really still the same, stay in bed all day, if didn't apply with hot water slowly and gradually to get him up, never expected him to get up by himself.

Feng ming slowly opened his eyes, "Hn, so comfortable." Rubbed his eyes lazily.

Ruo yan secretly amazed, he also knew that Feng ming was very hard to wake up at morning, when it was time to eat then he just tend to wake him up, although he was awake, his face was pale, after getting some temper for a while, he just stunned and didn't want to talk, making Ruo yan dizzy. Unexpectedly, these two little girl is indeed had the way to wake him up.

"Duke Ming has been awake?" Chiu yue Chiu xing smiling faces appeared in front of him.

Feng ming looked left and right, smiled and said, "Morning."

"Morning, Duke ming." Two voices speak in unison.

Chiu xing said, "It's time to get dressed."

Chiu yue had already gotten the cloth here, together with Chiu xing helping Feng ming get dressed.

Having Chiu yue and Chiu xing in the palace, Feng ming's face finally showed a hint of color.

After Ruo yan kissed Feng ming for several times, he went to handle affairs.

Inside the palace only left Feng ming, Chiu yue and Chiu xing. forced to smile while talking to Feng ming, but after Ruo yan left, Feng ming's smile suddenly vanished.

Feng ming muffled sitting on the bed, lifted his legs, hands firmly holding his knees, seemed depressed uneasiness.

Chiu yue worried about his illness, but didn't dare to question, just quietly examined his expression.

Chiu xing was bringing the medicine from the side room," Duke ming, it's time to drink the medicine."

Feng ming stared at the medicine for a while, under Chiu yue's perturbed stare, obediently took it.

"That's right, Duke ming hurried drink it." Chiu yue smiled faintly.

"Don't look at me." Feng ming said, "I don't want to be looked at."

Chiu xing shook her head," Duke ming being naughty again," They only could follow Feng ming's request, turned their head, closed their eyes," Ok, we won't look, Duke ming hurried drink."

Suddenly, heard Chiu xing screamed," What have you put in the bowl?" Chiu xing snatched away the medicine bowl from Feng ming's hand.

The bowl being snatched from Feng ming's frail hand, opened Feng ming's another hand, his hands stained black ash.

Chiu yue sniffed at the ash, asked suspiciously," What is this?"

"It's incense ash," Chiu xing worried," Have you confused? why did you eat incense ash? What if it cause some illness?"

She worriedly shook Feng ming's shoulder, suddenly transfixed.

Because she saw Feng ming's eyes. A pair of dark eyes, not hazy loss, but quietly widened, the tough restrained that made people scared.

"Duke Ming..."

"This..can delay my healing, to lengthen my illness," Feng ming looked calm, looked at Chiu yue Chiu xing," As a result, Ruo yan can't force me."

Suddenly between, they've understood everything.

Chiu yue could not help crying out loud. Chiu xing knelt in front of the bed, speechless.

"Duke ming, why did you do that for?" Chiu yue cried and said, "You have been injured like this...this...how can Duke ming don't even care of your own life?"

Feng ming touched Chiu xing's head, faintly smiled, "I don't want to die. After this winter, Ruo yan will attack Xi rei. When he attack Xi rei, he will bring me with him. As long as I am half-dead, sometime vomit blood, in order to not let me die on the road, he must give time for me to rest up. I hope the empress can think of something at the time i delay Ruo yan to protect Xi rei."

"To delay the time, just let us think of something else, Duke ming can't hurt yourself like this."

"Stupid girl, what power you have to hinder Li King's action?" Feng ming looked up at the blue sky outside the window, who knew, he had this kind of feeling, facing Ruo yan exposing innocent sweet smile, had to lean on Ruo yan arm. If there was someone had told him previously predicted that there would be such a day in the past, he wouldn't certainly believe.

But now, he had believed.

Because people, when it is necessary to do one thing, will bear anything. He not even knew that he could be this strong.

Feng ming's face showed a little more perseverance and composure, deepen his voice, "I want you two to help me, to drag this illness to be half healed half-sick. Also, in case Ruo yan can't endure anymore, to me.....you two are not allowed to intervene."

"Duke Ming...." They cried louder.

The guards heard the sound, hurriedly opened the door, "What happened inside? Is Duke Ming feeling unwell?"

"Don't be noisy!" Feng ming frowned, Shouted, "They are shedding happy tears, i am also pleased to hear, what do you bother? If you still be noisy, i will Rong Tian to kill you."

The guards got shocked, Ruo yan due to making Feng Ming smile, what value of just killing him? he immediately retreated and closed the door.

Time passing by while Feng ming smiled at Ruo yan.

In a blink of an eye, the spring is coming.

"Spring has come."

"Hn."

"Your illness, still yet good yet bad."

"Hn." Feng ming sank himself in Ruo yan's arms, acting spoiled and said, "Do you despise me?"

Ruo yan smile wryly, "That's not it. But I want to take you out to play."

"Play?" Feng ming curiously opened his eyes wide, "Where?"

"Xi Rei."

"Isn't here Xi Rei?"

"Here is Xi Rei, but the place that i want to take you to is also Xi Rei. Do you still remember what have i told you?"

"Something you have told me?" Feng ming got startled, turned to look at the window that showed the sky that brighter day by day, like going back to a very distant past, the whole mind immersed in memories, muttered, "You've told me, when spring comes, you want to take me to see the green prairie. You said, if the spring, There will be grassy expanse, a lot of red and yellow flowers dotted, beautiful and charming. I was laughing at the baldprairie, you said, only deserted winter, will lament the prosperity of spring. Everything on earth, revolving and filling each other." He stared at Ruo yan, slowly burried his head in Ruo yan's arms.

"In the end you still cry." Ruo yan quietly looked at Feng ming, sighed, "You can't even pretend anymore, I also can't continue to pretend being confused." Ruo yan suddenly turned cold.

Suddenly felt cold, Feng ming shivered, panicked, suddenly struggling up. Ruo yan kept smiling, tighten his embrace, imprisoned him in the embrace.

"Let me go!"

Ruo yan sneered, "You have been leaning in my arms hundred and thousand times, now what do you restrain for?"

"You already knew." Feng ming gritted his teeth.

"You have pretended for half a year, i also got Kingdom matters to attend, also there is a beauty who gave me a hug, i'm too lazy to expose. But now everything is ready, due to your personality, to persuade you to go is very difficult, might as well expose this layer of paper."

"Bastard!"

"Don't expect you can deceive Li King. you have only oneself to blame." Ruo yan suddenly looked cold, threw Feng ming on the bed, pressed on top of him.

Feng ming screamed, "Ruo yan, you dare touch me, i will immediately bite my tongue to commit suicide, you'll never get to use me to obtain Xi rei."

Ruo yan looked arrogant, suddenly ruthlessly kissed Feng ming, once his disguise torn, his violence made people shudder, chuckled," If you dare commit suicide, i will immediately have those two little girl executed."

The one who strong and the one who weak was immediately being noticeable, but the tensions rattling unabated. Their eyes suddenly met, as if making some sparks in the air.

"If you forcefully insist, i also can't do anything." Feng ming coldly said," If you dare, just do it." He stared straightly at Ruo yan's eyes, not feeling any fear.

Ruo yan deep glancing at Feng ming, his lips smiled mockingly. His lower body weight pressed at Feng ming until he can't even move, his big hand slowly stroking the smooth and delicate thighs, but in the end he stopped, straighten his upper body, condescending said," You want to add your injury to prevent me go to Xi rei? Heh, i'm afraid not so easy. After i get Xi rei in my hand, don't you be mine? he frivolously touched Feng ming's face, get off from the bed.

"Everything is ready, tomorrow the troops will leave, you will go with me."

Feng ming bit his lips, clenched his fist tightly.

He didn't expect after going through all these pains, all sorts of grievances, not even taking any effects, instead simply let him enjoy a lot of excitement, how could he be so stupid and overconfident. Tears rolling in his eyes, he didn't want to cry in front of Ruo Yan, bit his lower lip, and suppressed the tears to not rolled down.

That night, even Chiu yue and Chiu xing being isolated.

Feng ming's hands and feet being tied down by soft belt to prevent him committed suicide. Ruo yan personally forced him to drink a bowl of black medicine, chuckled," This drug has a use to make your body losing strength, can't even bite you tongue to commit suicide. To use this drug to imprison you for half a year is too troublesome, but along the journey to Xi rei, it can be a big help."

He looked down to kiss Feng ming, seeing Feng ming's stubborn eyes, smiled maliciously, held Feng ming into his arms, as the usual past days and just slept while embracing him.

The next day, Li kingdom troops departed.

Xi rei in a far away, Rong tian's homeland, would suffer a terrible catastrophe.

Li Kingdom's best soldiers departed to attack Xi rei, in a greatest amount of soldiers.

Countless thousands of horses and soldiers. Li King left the General to protect the capital, Li King's sister and Duke ming personally accompanied the attack, Chiu yue and Chiu xing also came along.

Feng ming was placed in a huge tented cart. This tented cart also the place for Ruo yan to rest, sixty-four horsespulling together, also furnished with exquisite furnishings, so brilliant and showed the

majesty of a King.

"Haven't seen your smile face for a few days, actually miss it a little." Ruo yan bit Feng ming's earlobe, chuckled, "Show me a smile, i will tell you the current troops process."

Feng ming being imprisoned by him in the cart, even Chiu yue and Chiu xing can't leave the cart, even just peeking outside was not allowed, also Ruo yan arrange the military discussion matter placed in another place, so Feng ming really had no idea where's the troops had been heading, moreover he couldn't even know when the Li troops will attack the Xi rei troops.

Feng ming bit his lower lips, although Feng ming's face got thinner, his black eyes were shining brightly, being derided a little by Ruo yan, he turned his head away, stared at the carpet.

The more he stubborn, the more Ruo yan wanted to bully.

Seeing Feng ming turned his head, his slender neck bent out of a very beautiful shape, couldn't help being tempted and pulled Feng ming till he fell in Ruo yan's arms, lower his head and bit down on the always pale yet beautiful lips.

"Feng ming, you really are enchanting." Ruo yan lower his voice, leaving countless marks on Feng ming's lips.

Feng ming helplessly unable to avoid, only could glared straight at him, unblinking eyes, so dark that made people's heart flutter.

Whenever seeing this look, Ruo yan found himself felt the overflowed desire to forcefully held Feng ming right now. Even got the injury, even Xi rei, even the kingdom matters, didn't care of everything, mercilessly pushed down the person in front of him, spread his legs, penetrated him, letting that pretty face twisted, letting the pale lip emerged blood color, giving out a dismal and flirtatious moan, letting those pair of stubborn eyes rolled down tears. Letting Feng ming knew his strength was no less than Rong tian's, Ruo yan's manliness was no less than Rong tian's, Ruo yan's power was no less than Rong tian's, Ruo yan was more qualified to have him.

But when at every critical point, Ruo yan not feeling reconciled at all.

He deeply understood, as long as he used violence, a delicate balance among him, Feng ming, and Rong tian would be broken. The time he got Feng ming, at the same time he would lost Feng ming. If like that, Rong tian would win, forever win.

If you want to have him, don't hurt him.

Rong tian's last words kept echoing in his eardrum, kept beating his consciousness, every time he stopped the violence, at the same time he would got frustrated.

He knew, he got viciously ambushed, and the one who set trap were Rong tian and Feng ming. This kind of trap made him angry, anxious, and desirous, but rather had slightly sweet and self-control in it.

Ruo yan used his teeth to severely bit Feng ming's lips, the teeth mark moved from his lips to his chin, lateral neck, and moved behind the ear. His heavy breathing made Feng ming panted anxiously, but still couldn't hear Feng ming's surrender moan.

"Just cry, Feng ming, i want to hear your cry."

Feng ming quietly sprawled under his suppression, the graceful contours of the face showed incredible elegance and determination, it was just the same with Rong tian's last words, preventing Ruo yan committed the last step for violation.

Ruo yan didn't ripped his clothes, but grabbed his slender wrist, grasping it.

The pain from being grasped by steel clamp passing through from the wrist to the brain, made Feng ming frowned.

"Today i won't force you." Ruo yan looked at him because of the pain and biting his lips, seemed to restore his sanity after the violence, slowly released his steel clamp-like fingers, sternly said, "I will do you in Xi rei palace, in the place the first time you met Ruo yan--do you." He would do anything to erase Rong tian's mark.

This phoenix that had flown to the ninth heaven, Ruo yan wanted to own it no matter what it took.

The army still on the journey, Feng ming sat quietly on the huge tent, only by feeling the heavy scroll wheel he could know that they are being moved.

Seeing the danger approaching Xi Rei day by day, while he was helpless. He obviously came from a modern high degree of civilization, yet he couldn't even against Ruo yan, an ancient king.

He wanted to use bomb, but where could he found the tools to make the bomb? Since Miao Guang provided a dress that was being used by him as a parachute to escape, Ruo yan refused to provide any strange things he requested.

He wanted to use trick, but for deep scheming imperial like Ruo yan, there was no winning possibility from any kind of trick.

If only he got a gun in his hand. Feng ming deeply understand the importance of science and crystallization.

Ruo yan coldly looked at Feng ming that stayed so quiet, Ruo yan secretly saw how long he could endure.

Then, after a few days, Feng ming still no anxiety, Feng ming's illness was not better, the medicine that Chiu yue feed him will be spitted out several times, constantly coughing at night, making the two maids didn't know what to do.

The handsome outline, his thin face strangely showed a strong determination, Ruo yan softly stroking Feng ming's neck, enjoying his stubborn silence gaze.

"You're getting more silence." Ruo yan didn't know when he start liking stroking Feng ming's neck, the strong and powerful finger pressed on the aorta, could feel the blood flowed through Feng ming's vein, hiding his wisdom through the flow. He knew Feng ming was secretly thinking of a way.

Feng ming's Unwilling and unable to do anything made Ruo yan felt happy.

Ruo yan's gaze moved from Feng ming's arm to his dark eyes, unmindful said, "The army will soon arrived at Yong yin's border."

The body in his arms suddenly trembled, made Ruo yan smiled lightly.

"Yong Yin?" Feng ming to himself.

Ruo yan's eyes showed the King's charisma, lower his voice said, "After crossing Yong Yin, then we will arrive at Xi Rei. Duke Ming is so knowledgeable, then are you figuring out any way to save Xi Rei?"

The hand in his palm was soft and delicate, there is bone inside the softness, holding and rubbing gently, felt very comfortable. Feng ming concentrate on Xi rei's problem and didn't struggle at the moment.

"Li troops cross-border invaded Xi Rei, and during the journey there is no kingdom to attempt to stop? Feng ming frowned, looked at Ruo yan," Or there is a war in front, yet the people in the King's tent don't even know?"

Ruo yan laughed and said coldly, "These small countries, to protect their own country has been so hard for them, how can they prevent Li King's troops only for protecting Xi Rei? They will definitely give the way to facilitate Li King, in order to obtain safety."

"Then Yong Yin....."

"Yong Yin is a small country, of course they don't dare to make any sound. Yong Yin's King has sent his credentials, and promised to open the border to let Li troops crossing Yong Yin to invade Xi Rei."

Feng ming frowned, angrily hit his fist, "D*mn Yong yin's King, does he not understand the meaning of proverb "Without the lips, the teeth will feel cold" (Due to my understanding, the proverb meant that without Xi Rei, the other small countries around Xi Rei will be invaded next after Xi Rei, because Xi Rei couldn't protect them anymore, and they will taste the same faith with Xi Rei)? If Xi Rei disappear, Yong yin will not safe either. This moment they must work together with Xi Rei to against Li Kingdom to have a chance to survive, what a pity! Short-sighted, muddle-headed King!"

"Without the lips, the teeth will feel cold?" Ruo yan's eyes shone, leaned forward to imprison Feng ming in his arms, muffled laughed," Duke ming described it so nicely. Yong yin's King this time opened his border and paving the way, indeed a great help, wait after i take care of Xi Rei, i will casually attack Yong Yin's capital, maybe would spare him a life."

Feng Ming glared at him, turned his face away.

Yet inside his mind was planning something: Yong Yin's King paving the way, he was afraid that it described the outside countries had already lost confidence on Xi Rei of the Empress ruling, most of Xi Rei's allies friend might also abandoned Xi Rei. Thus, the situation would be really bad, even Xi Rei's struggling to fight back might had lost the last glimmer of hope. Xi Rei and Li Kingdom were the two greatest and most powerful kingdoms, when Xi Rei being exterminated, Li troops would be undefeated, that time, was like repeated the same history of the Qing Kingdom to unify 6 kingdoms. Anyway, it was all because of those small and weak countries were coward, refused to unite, if this continued, after all, they would inevitably be eliminated one by one.

If that's the case, then would Ruo yan be this era's politics winner?

Feng ming secretly looked at Ruo yan, such a dignified emperor figure, majesty, compared to Rong tian really not much difference, but his eyes showed coldness, most probably would be a tyrant in the future. Feng ming gritted his teeth, secretly said, ' Whatever happened, couldn't make him destroyed Xi Rei.

But specifically how to do, couldn't think of a countermeasure.

Anxiously, like poisonous fire burnt up his heart.

Made use of Rong tian's teaching and the natural instinct, Feng ming knew where should Xi Rei's last hope fighting back placed.

He had ever passed by Yong Yin when he went to Fan Jia as an ambassador, in Yong yin territory, there was a big river that almost the same as Yangtze River, named Ah Man river. For resisting the invading of Li troops, the best way was to join forces with Yong Yin King, Xi Rei and Yong yin join army wait across the river. Took over the location. With that, Li troops would loss many soldiers when crossing the river.

"Yong yin's prince, have you seen him?" took advantage of Ruo yan's absence, Feng ming tiredly leaned on cushion.

Chiu xing winked her eyes," When Great King ascended the throne, Yong yin's prince personally came to celebrate. I looked from afar, he is a young man with a sharp nose."

"How is his personality?"

"This.....at that time i just watched the crowd, how can i know his personality?"

Feng ming recalled," Rong tian had ever said to me, Yong yin's prince is a visionary person. What a pity, i only playing around at that time and not doing the job properly, if i know today will come, i will make some relations and adding some insights."

Chiu yue suspected asked," Duke Ming why suddenly asking about Yong yin's prince?"

"Because of Yong yin's Ah Man river iss the best defense from military checkpoints."

"I understand, Duke ming is hoping Yong yin's prince can cooperate with Xi Rei, help Xi rei in Ah Man river to fight Ruo yan."

Feng ming stared at the tent ceiling, smiled slightly, sighed," I hope Yong yin's prince is more far-sighted than the King."

"Aih, Duke Ming seems like often sighing lately."

"Aiya, Chiu Xing, don't you also often sighing lately? That's all because of your bad influence."

Feng ming looked at the two weird maids, couldn't help laughing. After deep-thought for a moment, suddenly frowned, there was something faintly hidden in the brain.

There seemed like something was wrong. Feng ming attentively reflected, it must be somewhere missed. The heart beating so fast, he knew that some difficult problem would be solved soon.

"Duke Ming?"

Feng ming waved his hand, showed them not to disturbed his thought, he was afraid the inspiration just now would disappear. He tried to think, foolishly sat for a long while, his eyes suddenly sparkled.

"I got it!" Feng ming suddenly clapped his hands.

Chiu yue and Chiu xing shocked, looked at each other.

"What comes to mind?"

Feng ming laughed," Originally, i had been worrying for nothing, hahaha, really funny." He proudly smiled for a moment, his eyes sparkled, a strange spirit seemed to enter his body. Feng ming leaned on the table to stand up, Stretched muscles, smiled slightly," How come i forget about Lie Er?"

"Lie er?"

"Lie er had been escaped with Rong hu." Feng ming's face showed wisdom and arrogance combined with brilliance," If we have Lie er, how can we not persuade Yong yin's King to against Li Kingdom? hahaha, good Lie er, actually thought of a way to lure the enemy. Want Yong yin's King to pretend paving the way, let Ruo yan lead the troops to Ah Man river. Ruo yan thought he could shorten the distance for the troops, Didn't think it would be a natural barrier that hard to attack, moreover the battlefield is inside Yong yin, by the time, the troops will appear across the river, and the escape route will be blocked by Yong yin's troops, Li kingdom will inevitably defeated. Ruo yan ah Ruo yan, you also will have tasted the bitter fruit of your arrogant self."

Chiu yue blinked after listening for a long time, puzzled asked," Does Duke ming mean that Yong yin's king just pretended to give Ruo yan a face, but actually want to lure Ruo yan to Ah man river to do life and death battle?"

"But...is that really that difficult to cross over Ah man river?" Chiu xing also frowned and deep thought.

Feng ming smiled like a breeze," If I guessed right, when Li troops arrived at the Ah Man riverside, the usually large-sized ships have already disappear, surging river flow, cut off their path."

Chiu yue shook her head," Li troop has so many soldiers, to find woods and build ship is not a difficult task to do."

"If i were Yong yin's King, i will order to migrate the coastal village before the troops arrived, also order to cut down all the trees in nearby forest. This called 'Strong fortress clear the surrounding environment' (from my understanding, it is a way to deal with the invading enemies that can neither attack nor snatch the material/supplies, they reinforced fortification and moving/migrating all the surrounding residents and material away to prevent the enemy to attack and can't take anything around to attack), in the history, there were many people used this method." Feng ming sipped his lips and nodded," Wait after Li troops finally finish building the ship, Xi Rei troops will appear across the river, the chance of winning will be greater."

"Can this method fool Li King?"

Feng ming sighed, uncertain answered," When Official Xia died, he should have not been had the chance to tell Ruo yang about Lie er and Yong yin's King relationship, if that's the case, then Ruo yan would not have guessed from Lie er about Yong yin's King's calculation."

Chiu yue clasped her hands, muttered," Oh my God, please don't let Ruo yan know, otherwise Xi Rei will be helpless."

Chiu xing also knelt down and prayed to God.

"Ah!"

"Assassins..."

Suddenly, there was some sound outside the tent, heard inside the King's tent, seemed to happen some disturbances. The soldiers shouted, "Assassins! There are assassins!" There was metal striking sound, the weapons are clearly striking.

"Assassin?" Feng ming frowned, wanted to rush to the tent door, when lifting his foot, suddenly felt the knees weaken.

"Duke ming!"

Feng ming looked up, His eyes wide opened, "Where are the assassins from? Chiu yue, go check it out."

"The tent was being tied by several heavy curtain from the outside, wrapped in layers of leather, the sword can't even cut open, How can i go check it out?" The special tent to imprison Feng ming, beside several small holes for ventilation, the tent not even had a window, even during the day, also had to lit the candles to illuminate. Only when Ruo yan came in, the curtain will be opened for a while, revealing a little earthy outside.

Soon, the sound gradually lower down, Feng ming and others didn't even know what was happening outside, held the breath, hoping to hear any traces outside.

But gradually, even the slightest sound had disappeared.

The curtain immediately being lifted, Ruo yan walked in.

"What happened outside?" Feng ming asked straightly.

Ruo yan came closer, pulled Feng ming over and kissed a couple times, smiled coldly, "Just a few sneaky little thieves wanted to save their Duke Ming, heh! This time they can actually get close to the King's tent, even killed my bodyguards."

"This time?"

Ruo yan smiled said, "Starting from the Capital, the people who want to save you never stop coming, but most of them were cut in the periphery army, can't even get closer."

"Why don't you tell me?"

"What's the point of telling you?" Ruo yan opened his palm in front of Feng ming, and then slowly gripped, mocked, "Do you think you can escape from my palm?"

"How's the condition of the people who come to save me?"

"Some with the good skill successfully escaped, the others are dead." Ruo yan bit Feng ming's earlobe, whispered, "Today i answer what you ask, Duke ming also should give me some consolation."

Feng ming silently glared at him, yet speculating inside: The people who came to save him, there must be Lie er's subordinates.

"The people who come to save me, are they multiplied lately?"

Ruo yan frowned, "I also feel weird, they seemed to want to die early by coming here nonstop."

Chiu xing and Chiu yue carefully exchange eyes, they understood a little, tomorrow would be arrived at Ah Man river, if Duke Ming guessed right, tomorrow Ruo yan would realize he got fooled, but Lie er of course must found a way to save Duke ming before this.

Unfortunately, among the Li troops, the King's tent was not so easy to get close.

Wheels were still heavy and slow rolling.

Still had one day to arrive at Ah man river. at the night, Feng ming still being held in Ruo yan's arms, he always opened his eyes, sort up the mess in his head.

Yong yin's King attitude and Lie er's purpose had finally thought clearly, but deep inside, there were still something faintly hidden. Solved the one last mystery, in order to the whole plot.

"You're awake the whole night, what are you thinking?" In the flickering candlelight, Ruo yan suddenly opened his eyes.

"What else i can think, don't i just being played by in your palm?" Feng ming gritted his teeth, "you hug me uncomfortably, can't sleep."

Ruo yan stared at Feng ming, laughed, just when he wanted to talk, there was sound outside the tent, "Great King, the spy has returned, all the ships on Ah Man river has disappeared."

As expected, Feng ming snickered.

Ruo yan sat up on the bed, lower his voice asked, "Ask the people nearby, where are the ships gone."

"Report to Great King, no people in nearby, all the villages are empty, couldn't find even one person."

Ruo yan frowned, his face showed something wrong, "Pass the order, Find woods and build the ships."

"Report to Great King....." The soldier knelt outside the tent had probably got cold sweats all over his forehead, gingerly said, "The nearby forest, all were being burnt....."

Bang! the banging sound interrupted the spy's words.

Ruo yan's face darkened, the jade statue beside the bed had been pushed to the ground. He was indeed the King of Li kingdom, took a deep breath, he had already calmed down, thought for a moment, he dangerously looked at Feng ming, "Excuse me, Duke Ming, what are you plotting inside?" Though gentle and polite, yet it revealed the taste before the arrival of the storm.

Feng ming interestingly watched Ruo yan's angry face, couldn't help to smile, leisurely reclined on the bed, "You're so great, yet you haven't figure anything out?"

"Yong yin's King has already scheming from the start?" Ruo yan suspected, "A mere small kingdom, how dare they go against Li kingdom's army?"

"I've told you, 'without the lips, the teeth will feel cold'. Even a small country needed to unite against the big enemy. Moreover, Xi Rei always be Yong yin's protectorate." Feng ming sighed softly.

Ruo yan suddenly gripped his fists, walked step by step to Feng ming, his eyes shone terribly.

"You clearly knew....." He hauled Feng ming's collar.

Feng ming knew that he was powerless to resist, only could smile wryly. The clear eyes looked at Ruo yan, showed a slightly trace of mockery.

Slap! Severely a slap in the face, made Feng ming fell and rolled on the carpet twice, Feng ming's head buzzing, looked up, his lips had been bleeding.

"You want to force me to kill you?" Ruo yan muttered, "Why do you want to force me to kill you? oh right, they keep sending people to save you, it must be because if you're in Li troops' hand, that will take disadvantage for them. Your existence, will affect the fighting." He stared at Feng ming, said word by word, "I won't kill you. From today onward, Chiu yue Chiu xing are not allowed to enter the King's tent, i will assign other maids to serve you. They will certainly served Duke Ming properly."

His oppressive gaze stopped on Feng ming's face for a while, turned away and left.

As Feng ming expected, Li troops arrived at Ah Man riverside, no ships no woods, only could settle there, shipping the woods and build the ships, fortunately Li troops was powerful, even stationed in the river, no one dare to invade the territory, only suffered a little disturbance. Ruo yan only focus to take over Xi Rei faster, set aside the hatred to Ying yin's King for the time being.

Miao guang assigned to oversee the building of the ships, her ability is excellent, within just two weeks, all ships had been finished built.

Feng ming always being imprisoned in the tent, in half a month, Chiu yue Chiu xing not even showed up, only left a few swift and fierce maids around, prevented his action.

One day, Ruo yan came in, frivolously lifted his chin, proudly said, "All ships have been built, does Duke Ming still have other methods to obstruct the troops?"

Feng ming surprised inside, unexpectedly, he moved so fast.

Ruo yan rolled his eyes, laughed, "Duke ming must know the across the river hidden the Xi Rei troops, heh! how can i don't know about that? Tomorrow morning, i will bring Duke ming to meet those Xi Rei people that so looking forward to see you."

The next day, Ruo yan sure enough ordered people to drug Feng ming, brought over Feng ming to the big ship.

Li Kingdom's flag flying high, two rows of newly built ships escort the King's ship, over the river, the ships stopped a few meters away from the seaside. Suddenly, on the other side, thousands of flags stood up, as expected, it were Xi Rei and Yong yin's flags.

"This is Xi Rei Duke Ming, let's all come out to meet." Ruo yan laughed, took Feng ming as hostage to stand on the bow.

On the other side, the silhouette of people appeared, apparently could hear 'Duke Ming' these two words, feeling of insecurity. Feng ming frowned, the most unwilling thing for him to see is to see Ruo yan using him to stir up Xi rei's troops.

The familiar Xi rei's flag flew high, seeing the Xi rei's flag, couldn't help but thought of Rong tian, Feng ming's heart throb in pain, he burst out shouted, "I'm not Duke Ming, you all quickly release the arrows!"

The shouting was sad and fierce, everyone on Li Kingdom's ship was startled by Feng ming's shout. Ruo yan yet had long expected, cover Feng ming's mouth, moved closer and laughed, "The good show hasn't started yet, Duke ming can be the hero later."

Feng ming shivered, was there another unforeseen event?

Still in the suspecting thought, the horn sound echoed, both kingdom's flag had been moved slightly. The soldiers neatly paving the way, letting two line of horses appeared from the crowd.

Under Yong yin's flag of course standing Yong yin's King, Yong Qi.

The look turned to under Xi Rei's flag, the one that Feng ming couldn't even recognize wrong, Rong tian.

If this was a dream, he no longer willing to wake up.

"Long live the Great King! Long live the Great King!" on the other side could hear Xi rei's soldiers full spirit roar, so deafening. Thousands Shining swords pointed to the sky, repeatedly waving, looked from afar, the other side like covered by sharp swords field.

Rong tian calmly waved, honorable Warrior, attracted the crowd to burst out screaming.

The Li soldiers on the Li kingdom's ship saw that Xi Rei King suddenly appeared, intimidating surprise, started to panic.

Rong tian at across the river, stared at Ruo yan, lower his voice and said," Ruo yan, why did you lead the troops to cross Fan Jia and Yong Yin? drive to Xi Rei's border?" When he spoke, Xi Rei's soldiers completely quiet, very respect the King.

Across the river, calm and confident male voice clearly reached the ship, Feng ming's eardrum like being strike by lightning, the whole body slightly trembled.

Ruo yan yesterday had discovered that Rong tian was still alive, so he was already not that surprise, slowly said," Open up the territory, it's the King's responsibility. You immediately surrender, make Xi Rei surrender, i will let you live."

"What a joke, why must i surrender?"

"If you don't surrender, i will kill him."

Rong tian's gaze finally turned to Feng ming's body. The expression when he looked at Feng ming was something Feng ming so unfamiliar for. The affectionate that he expected, excited, distressed, struggle, not even appeared for the slightest.

Rong tian strangely asked," Who is he?"

The body that being strongly held by Ruo yan, suddenly felt stiff. Feng ming stared at Rong Tian, speechless, since he saw the unfamiliar gaze, like being shot by the legendary magic light, completely petrified.

Not even a single wave showed on the pale face, just a touch will be fragmented into countless pieces showing the vulnerability.

Ruo yan just got the info that Rong tian had lost his memory, at first he didn't believe, but today after he saw it, suddenly his heart said wonderful, leaned his head to see Feng ming's heartbroken and desperate look, deliberately said," He is the person you love the most in your life, he is Xi Rei's Duke Ming."

"He is Xi Rei's Duke Ming? Didn't he has been killed in the battle?" Rong tian looked at Feng ming, no longer showed any gentle look like in the past, just like looking at a very ordinary minister, mocked, " Why would this person is the person i love the most in my life? the person i love the most, is the one who rescued me from the rapids, always be by my side through hard time and happiness, together through countless troubles, the most beautiful woman in the world and also the one who gives a great contribution to Xi Rei ----- Mei Ji!" Rong tian shouted aloud, gesture his hand in the air.

The horse stomping suddenly sounded, mixed with the horse neighing and the soldier's uproar.

A red shadow grazing.

A beautiful woman riding the horse elegantly, galloped to Rong tian's side, laughed together with Rong tian, stood side by side. The horse she was riding extraordinary tall and strong, Feng ming certainly familiar with, White Cloud.

It was the horse that Rong tian gave him as a gift.

The ear kept hearing the most sad sound of a zither string snapped sound. Feng ming speechless, opened his eyes to see everything in front of him.

The beauty woman in red, just on the other side together with Rong tian, without words, already knew the love was so strong.

"Queen! queen!" The crowd surrounded Rong tian and Mei Ji, cheered up by raising their swords.

The loud voices, it seemed Mei ji not only had saved the Rong tian that seriously injured and lost memory, also secretly accompanied Rong tian back to Xi Rei, had been appointed as Queen.

She was really beautiful and extraordinary, fair and delicate skin, in far across, could also feel the gentle temperament from her body.

Ruo yan tighten his arms, hugged Feng ming's chilling body.

"Rong tian, this is your last chance. If you surrender, i will spare Duke ming's life."

Rong tian laughed loudly, " I'm the dignified Xi Rei King, how can i surrender only for a mere official?" He extraordinarily gestured his hand, surpassed the day.

Feng ming listened to his hearty laughter, eyes straightly looked at him, already crazy, both knees seemed couldn't support his body, slowly leaned backside, his full weight supported on Ruo yan's arm.

Ruo yan slightly smiled, ordered, " Landed."

The ships followed the order, slowly approached the riverside.

"shoot out the arrows!" Rong tian without the slightest hesitation gave the order. Xi Rei Yong Yin shot thousand arrows, shot at enemy's ship.

Which some of the arrows actually pointed toward Rong tian and Feng ming. Feng ming looked at the incoming arrow, unblinking his eyes, not escape. The river wind brought upon the incoming arrows, blowing his hair, waved the sleeves, like a god in heaven, not fear of the weapon.

Dang, Dang!

Ruo yan waved his sword, cast out all the arrows that shot at Feng ming, raise his head and laughed loudly.

"Back to the camp!" Li King ordered to reverse the direction.

Li kingdom's ships turned one after another and went back to the camp, the Xi Rei's arrows kept shooting at Li kingdom's ship, but the distance was too far, most of the arrows fell into the river.

The first attack in the war, was only slightly met, and no major attack defense.

Ruo yan back to the other riverside camp, told the situation to Miao guang and the other generals. He failed to use Feng ming as a bait to make Rong tian surrender, but he came back with joyous smile.

General Zhuo Ran strangely asked," Duke ming's usefulness is at a loss, currently the army are facing the natural barrier, Yong ying cooperated with Xi Rei, a total disadvantage for our army, why the King seemed not care at all?"

Miao guang's mercury-like eyes gently turned, smiled," Why should Brother King got angry, as long as Duke ming gives up at Rong tian, would not it be more valuable than a Xi Rei?"

"Indeed my sister, you know my heart very well." Ruo yan smiled," Rong tian is ungrateful, Duke ming finally despair. Wait after he think clearly, he will obediently stay by my side. Hahaha, My Li Kingdom can have such a great arm, no need to worry unified each kingdom."

"Congratulations Brother King. Duke ming not only can help Brother King for the reunification, also a rare admirable figure, stayed beside Brother King, excelling the concubine harem."

General Zhuo Ran came to understand, also showed a smile, after thinking for a moment, asked," But the current situation is still grim, The army was on hold on the other side, Great King planned how to attack the enemy?"

"Currently....not attack." Ruo yan stopped his smile, sighed," Yong tin join Xi Rei, there is natural barrier, Rong tian also reappear, Xi Rei has the Great King, not scruple at Duke Ming, the originally advantage that belong to Li Kingdom has already been taken away. Such a situation, i decided to....."

Ruo yan understood the army very well. Although hi was arrogant, but not stupid, under the measure of the situation, knowing that long-term war was unhelpful. Besides, this expedition could make Feng ming no longer had hope with Ruo yan, this was more useful than a victory, not counted as suffer loses. Just when he wanted to speak "Retreat the army", suddenly there was someone reported from outside.

"Report to Great King, Duke ming pass on a message, want to see Great King."

General Zhuo ran shocked," So soon figured out?"

Ruo yan frowned and deep thought, commanded," From now on, Duke ming no need to be imprisoned in the King's tent anymore. You can take Duke ming to see me. Remember, carefully accompany Duke ming to come over, can't be careless."

The underling responded with a 'yes' and immediately obeyed the order.

Miao guang sat in the tent, sipped her lips and kept silent, seemed to think at something.

Outside the tent, the soldiers were practicing, some people were resting. The moment had come to noon, smoke everywhere, the smell of dishes floating in the air, but they seemed a bit lackadaisical, the originally excitement and winning mood being swept away by the reappearance of Xi Rei King. Especially for the soldiers that saw Rong tian being shot down by Ruo yan into the rapids with their own eyes, without the blessing of God, how could Xi Rei King brought back to life after that terrible attack?

This battle, perhaps there was no chance of winning.

The three people in the tent were all in a deep thought, there were footsteps sound approaching, the curtain being lifted, Feng ming walked in.

His face was pale, his step is not very stable, he walked very slow. Ruo yan understood, his hand was probably still just as cold as just then.

Being provoked by Rong tian, Feng ming would certainly got a serious illness. Miao guang had already told the military doctor to give the sedative drug, just in case.

"Ruo yan, when will you ready to attack?" Feng ming immediately asked once got into the tent.

His voice was deep, like hidden in the faint sound of stone, seemed like he already made up his mind.

Ruo yan and Miao guang looked at each other, answered, "The situation is unfavorable, probably won't be able to do long-term war."

Feng ming squinted his eyes, coldly said, "You want to retreat?"

"Unless there is a tactical war that can ended fast, otherwise only can retreat."

General Zhuo ran explained from aside, "Duke ming was unfamiliar with the war, our Li Kingdom has many landscapes yet less waterscapes, no such river like Ah Man River, the soldiers are not accustomed with the war on the water. Now Xi rei and Yong yin join forces and guarded on the other side, battle on the river, we will greatly be in disadvantage. Moreover....."

"Who said you will battle on the river?" Feng ming unceremoniously cut off General Zhuo ran's explanation, looked askance, "Move the position, cross over and battle on the riverside, that's it, right?"

"The river is broad, if we can quickly cross the river to battle, why would we call here as natural barrier?"

Suddenly sounded like bells ringing laughter, Miao guang shook her head at General Zhuo ran, "General Zhuo, don't dwell anymore, looked at Duke ming's expression, presumably have got the trick to cross the river." Turned her head, the smiling eyes looked at Feng ming, secretly applauded inside: Duke ming was heart broken inside, from love became hate, to revenge to Xi rei. Rong tian ah Rong tian, you couldn't guess that being ungrateful would give you such a big disaster?

Ruo yan also quietly stared at Feng ming.

Feng ming grunted, looked through the small window, stared at the sparkling river surface water, didn't know whether through this could see Rong tian embracing Mei ji's scene, the pretty little face twisted in a moment, gritted his teeth and said, "You always wanted to learn my art of war, today will let you look at my skill. Battle on the river, one side was expert in water war one side was not expert in water war, this situation had appeared in a famous battle. One side has a strong troops but the soldiers was poor at water war, to cross the river, you can connect all ships with iron chain...."

Miao guang exclaimed in surprise, "Chain connecting the ship?" She was born clever, just a moment she had already came to understand, her eyes sparkled, the eyes looked at Feng ming were filled with surprise and admiration.

"Chain connecting?" General Zhuo ran surprised, "Thus, the ship becomes a makeshift bridge."

Ruo yan suddenly hit the table, praised, "Excellent! connecting the ships, send the troops to the both side of the ship to line up and shield from the arrows, then let the other soldiers go through the

middle of the lined up soldiers to cross to the other side." He walked two steps forward, grabbed Feng ming's shoulders," God bless my kingdom, eventually let Ruo yan got Duke ming's help. Ruo yan not having faith with Duke ming, giving the reverse direction of the arrow, without the slightest old feeling, Duke ming was submitted to Li Kingdom, truly wise."

There was no chance of winning in front, at first was intended to retreat and went back home, but this time suddenly appeared a bright road in front, the three people's excitement could be easily seen. Even a subtle conspirator like Ruo yan couldn't help but got excited.

General Zhuo Ran suddenly stood up, strode to Feng ming's front, bowed deeply to Feng ming, stared at Feng ming's eyes, sincerely said," Duke ming is resourceful, Zhuo ran today firstly experience, deeply admire." Word by word, very sincere.

Yet Feng ming's eyes seemed so cold, slowly turned his head to Ruo yan," This is the first trick i give to you, called a chain boat, you must remember."

"Chain boat? Good name," Ruo yan nodded, said," From today on, you are my Li kingdom's Duke Ming. Rong tian can give you everything, i will redouble give it to you, everything you want, i will give them to you."

"Thanks," Feng ming stood in the tent, his face was pale, as if just with a little push he would fell immediately, but those bright eyes, but faintly revealed the smile and confident, emitted an amazing light, his pale lips curved a faint smile," What i exactly want is this sentence."

China's famous history of Chain boat, once again re-applied by Feng ming in his cross over time to this era.

Feng Yu Jiu Tian Vol 4 Chapter 10

General Zhuo ran always worked in high efficiency, only needed one day effort already had all the ships chained. Li troops were not good at water war, if the ships were split from one another, the ship would easily shook around, affecting the war, yet by connecting the ships together to become a huge aisle and battle platform, as long as the ship could reach the riverside, it was like set up an instant bridge.

Such terrific tactic just made people amazed.

The General Zhuo ran personally monitored the process of the chain ship, immediately reported to Ruo yan.

"Report to Great King, the ships had all been connected by the steel chain," opened the curtain and walked into the tent, General Zhuo ran looked so excited, casually mentioned," After the soldiers knew Great King's incredible trick, they all praised and admired Great King, The soldiers are thrilled in excitement."

Ruo yan also changed a brand new armor, the armor was the result of craftsmen's hard work, sophisticated crafting the armor, hung the sword around his waist, seemed so prestigious.

"Do Xi Rei soldiers show any movement?"

"The enemy's soldiers just take a glimpse of our chain ship from the other side, give off the endless chaos, Now Rong tian must have a headache to deal with us."

"Just let Rong tian has the headache," Ruo yang sneered, turned around and asked, "How's Duke Ming now?"

There was immediately a guard walked in the tent, knelt down and answered, "Duke ming was resting in the King's tent, already ordered fifty guards to serve outside the tent, when Duke ming walked out the King's tent, they will immediately inform Great King."

Ruo yan nodded, asked, "The medicine that Miao guang prepared, does Duke Ming drink it?"

"Report to Great King, the medicine already serve to Duke ming to drink. Moreover, those two Xi Rei maids also have been sent to serve Duke ming."

Ruo yang slowly nodded his head, seemed to think of something.

General Zhu ran said, "If Great King feel worry, why don't just go to see Duke ming?"

"Don't need," Ruo yan said, "The great war will soon begin, i can't be distracted. Although Duke ming has already surrendered, but he has always been loyal to Rong tian, i'm afraid he will feel regret when the emergency comes, and try to harm me. You go back and watch him, Duke ming and the two maids's movement must monitored, don't ever loosen up your guard."

"Yes!"

The two sides' flags were fluttering in the sky, indicated the war would begin soon.

Li kingdom's side, had already been seen some bog ships being chained together on the riverbank, also connecting the small ships on the big ships side, become a magnificent spectacle.

A team that consist of hundreds of people, running back and forth on the board to familiarize themselves on this special battle site for tomorrow morning's battle.

The King's tent was so magnificent, the tent was originally unventilated, but according to the wishes of Feng ming to open two windows on the ceiling above, you could see the other riverside through the window.

The sky was getting dark, Chiu yue carried candle and came inside the tent, put on the table. The beautiful face showed less naughtiness, showed the unusual sadness, with teary eyes sneak a peek at Feng ming that sat in the corner of the tent.

"Duke ming, the day is getting dark, let's get something to eat."

The delicious meal being served in front of Feng ming, Chiu xing served the dish one by one, softly said, "Oh right, you didn't even eat something from this morning, even the medicine was being secretly poured away."

"Duke Ming....."

Feng ming stared at the dimming light from the other riverside, not talking. Chiu yue and Chiu xing had heard about Rong tian's reappearance, yet already forgot about Feng ming, looked at Feng ming's silence, not even shed tears, yet felt fear inside, the two sisters felt uneasy and looked each other, gently knelt on the both side of Feng ming.

"Duke ming, please say something."

"Duke Ming, Duke Ming, please don't be like this," Chou xing shook Feng ming's sleeves, almost cried out, "Great King surely will remember Duke ming. Although i haven't seen Mei Ji, but she won't be able to compare to Duke ming, how can Great King love her?"

Feng ming kept looking through the window, being shaken by Chiu xing and chiu yue, just suddenly looked down, "What are you two doing? why your eyes so watery?"

"Duke Ming, you don't be so sad," Chiu xing rubbed her eyes and cried, "You are not eating, not talking, even not eating the medicine....."

"Silly girl, Miao guang's medicine got sedative in it, will sleep away after drinking it," Feng ming touched their heads, pulling them up from the ground.

Chiu yue took the opportunity to put the bowl on Feng ming's hand, "If drinking medicine will make Duke ming sleep, but it's okay for the food to eat right? hurry eat something."

Feng ming put the bowl on the table, his eyes still looked into the distance, "I will eat the food later."

Chiu yue and chiu xing frowned and looked at each other.

Chiu xing moved closer to Feng ming's side, carried the bowl, scooped a small spoon of rice to Feng ming's mouth.

Feng ming failed to break through these little two maids, only could open his mouth, yet his eyes still stared to the other riverside.

"What Duke Ming looking at?"

"Just looking at something that i want to see."

The food little by little being served into Feng ming's mouth, the two maids' worry for a whole day finally could be put down a little bit.

Chiu xing made a eye gesture with Chiu yue.

Chiu yue slowly nodded, carefully said," Duke Ming.."

"Hn?"

"Are those chained ships outside being used for war?"

"Of course."

"Those guards outside were talking nonsense, They said....it's Duke Ming who teach Ruo yan to connect the ships by chain....."

Chiu xing interrupted from beside," And even said Chain ship trick."

"That's right, it's me who teach it."

The spoon served to Feng ming's mouth suddenly tilted, the hot soup poured on Feng ming's cloth.

Feng ming turned his head," What happened?"

Chiu yue and Chiu xing's eyes wide opened, they dazed in disbelief. For a long while, Chiu xing suddenly knelt down, pulling Feng ming's sleeves, her voice quivered," Duke Ming, you side to Ruo yan?"

Chiu yue also knelt down, raised his head and asked,"You don't want Xi rei anymore? you don't want Great King anymore?" suddenly cried out.

Feng ming quietly looked at the two crying maids, he already experienced the six months under Ruo yan's hand, had already not been the old childish-self he used to be, smiled, his eyes showed a deep light of wisdom.

"It's Rong tian who don't want me anymore, not me not wanting him anymore," Feng ming sighed deeply, helped them to stand up.

He turned his body, used his forefinger to into his glass of water. Wrote on the table,' The walls have

ears.'

Chiu yue couldn't help but gently say "Ah", hurried cover her own own mouth.

Chiu xing turned her eyes and said," If the Great King really betray Duke Ming, then Duke Ming is too wronged."

While she was talking, Feng ming already wrote down his words again on the table,' I believe Rong tian."

Chiu xing's eyes showed some excitement, held tight Chiu yue's hand, said softly toward Feng ming," No matter what happens, we will always be by Duke ming's side."

"The accompany me to enjoy the riverside scenery," Feng ming sat back, took along the two maids to look at the other riverside.

Nightfall, Li troops' side was gradually seen bonfire everywhere, so lively, while in the other riverside was wrapped in darkness, no movement.

Chiu yue felt so strange, exchanged a puzzled look with Chiu xing.

"Chiu yue, Do Li troops have ignite the bonfire?"

"Yes."

Feng ming seemed agitated, the hands holding the two maids were trembling, turned to Chiu yue," You see, there is no even a single fire ignited."

Chiu yue felt strange, looked puzzling at Feng ming.

The three kept looking outside the window, Feng ming seemed to be increasingly happy, his lips unconsciously smiled, sincerely filled with happiness, Chiu yue had been nearly six months hadn't seen Feng ming's happy face, the moment she saw, it was like the past lively, cute, and carefree self of Feng ming came to live again, Chiu yue got excited, her eyes immediately got teary.

Feng ming suddenly stood up.

"Tomorrow morning, Ruo yan will start to attack, the small and big ships are connected together, can form a huge pathway, and then..." His mouth casually finding a topic to talk, pull the two maids to went to the table, wrote quickly with his finger using water:' If there will be a major fire ignited, you two must immediately escaped.'

Looked at Chiu yue and Chiu xing's blank face, Feng ming smiled brightly, playfully winked.

The wind blew inside from the window suddenly felt a little weird, they looked at the window at the same time.

Only could see the sea of fire outside.

On the river surface, a burning wooden ship, like a demon crawling up from hell, were rushing toward Li troops' chained ships with high speed.

Bang! Bang! Bang!

A huge sound rumbling, the burning ship crashed on the chained ships.

"Ah!" Chiu xing Chiu yue saw this scene, suddenly exclaimed.

Feng ming's face showed happy expression, softly said, "Here it comes," among those people, only him could expect that Xi rei would quietly hide in nearby, poured and filled the ship with kerosene and woods, then ignited it to crash Li troops' chained ships.

This is one of the most famous strategy from the 'Three Kingdom' history, the Chained ships, Fire ignited chained ships.

The wind raging on the river, the wind helped the fire to spread fast, the fire immediately fierce burning. Li troops was in chaos, the wailing scream heard from the river, in a blink of an eye became hell.

Ruo yan and General Zhuo Ran were discussing tomorrow's attack in the tent, they shocked to hear the rumbling sound, they knew something bad was happening, hurriedly got out from the tent. When they looked up, all they saw just a sea of fire.

The guards beside them rushed to their feet, screamed, "Great King, Xi Rei's troops did night-attack, fire...fire...fire everywhere!"

"Extinguish the fire!" Ruo yan draw his sword, and strike at a fleeing soldier, deeply shouted, "Don't panic, the fleeing soldier will be killed immediately in this moment! Gather all to extinguish the fire!"

At the moment, another guard came and reported, "Report to Great King, those fire ships are filled with buckets of oil, not only couldn't be extinguished, the fire also spreading to our chained ships."

"Extinguish the fire!"

"Great King!" The guards sorrowfully shouted, "The fire is too big, can not be extinguished anymore! Great King please immediately order to retreat!"

The fire has continued spreading to the tent in the riverside, everyone caught in a sea of fire. The

screams constantly could be heard, many of the aflame Li troops jumped into the river one by one, the drowning sound was constantly be heard. The guards circled beside Ruo yan, drew the swords and stabbed around the terrified fleeing soldier, everyone shouted, " Great King has an order, not allowed to escape without permission, incite the soldiers' mind, immediately extinguish the fire!"

Ruo yan standing still, saw the soldiers were in chaos, like fell into Asura Hell, his eyes flashed fiercely, hatefully said, " Duke Ming." Turned around, drew the sword and ran toward the King's tent.

Walked on halfway, some changes suddenly happened, a horse neighing sound, clatter of a horse's hoofs, the rushing sound appeared, Ruo yan and General Zhuo ran shocked, turned and saw the wounded guards rushed toward them, " There is an ambush."

Ruo yan walked forward one step, the dark thick eyebrows frowned, " Wehre is the ambush? how many troops? who lead the troops?"

"from the back road, on the river, two-way attack from the back and front, the amount of the toops still not so clear, the one who lead on the river is the ship with 'Chu' word flag."

General Zhuo ran deeply analysed, " The one leading the attack from the back must be Yong yin King's troops, their number of soldiers is not big, can't block Li troops' back way. It's weird, why the one who leading on river is not Xi rei's flag?"

Ruo yan suddenly flashed a thought, suddenly shuddered, gritted his teeth and said, " Rong tian already sneaked into the camp, Heh, you want to take back Duke Ming?"

The hatred suddenly rose, he rushed to the King's tent.

General Zhuo ran quickly stopped him, " The situation is critical now, please Grear King immediately command the troops, otherwise, Li Kingdom will be in danger."

"After i kill Duke Ming, we will counter-attack!"

In the King's tent, Feng ming, Chiu yue, and Chiu xing still stayed in there.

The scream of million people, everybody was in panic, only the three of them were stay so calm.

The door suddenly being opened, a person rushed in while holding a sword. Feng ming slowly turned his head, showed a little stunned, " Why is it you?" and stopped smiling, " Yet my prediction if not Rong tian, then it will be Ruo yan."

"You actually could be so vicious, setting such a deadly trap to harm ten-thousands of my Li troops!" Miao guang had already been lost her previous calmness, step by step approaching by holding the shining sword in her hand."

Chiu yue and Chiu xing realized something bad, standing in front of either side of Feng ming to protect him.

Feng ming separated the two maids, instead he was approaching Miao guang.

"I'm loyal to Xi rei, you two brother and sister must have known about that." Feng ming lifted his head, "If i'm afraid to die, just because of a little affair to harm Xi rei, then how can i worth appointed as Duke Ming?"

"Rong tian has changed his heart, why do you have to help him?"

"Princess probably already forgotten, i prefer the people of the world betray me, than me betraying the people of the world." Feng ming sadly looked at Miao guang, suddenly sighed heavily, "Even though Rong tian betray me, but i can't harm him. Moreover, he may not really betray me."

Miao guang looked deeply into Feng ming's eyes, as if her heart could be pierced by his eyes, her body was trembling. She remembered the first time meeting Feng ming and discussing about him rather being betrayed by others, about british woman, all one by one, overwhelming her heart.

A 'Bang' sound, the sword fell to the ground.

Chiu yue rushed forward to pick her sword and pointed at Miao guang.

Miao guang stared at Feng ming, "Then you....why do you not escape?"

Feng ming strangely said, "Doesn't princess want to kill me?"

"You know i can't kill you, then why you even need to ask?" Miao guang turned her body away, sadly said, "I hurt you many times, this time just count as i return you. When we meet in the future, Miao guang won't be lenient. You hurried go, Brother King knew this is your dirty trick, must be on his way here."

Feng ming smiled bitterly, "I don't want to go, but escaping outside is more dangerous than staying here. King's tent is eye-catching, Rong tian will find me first than Ruo yan. When he comes, i don't have to worry anymore." When talking about Rong tian, the handsome face, completely giving trust and gentle vibes.

Miao guang was discourage just now, but after seeing Feng ming's smiling face, she suddenly got an idea, she already loved Feng ming for a long time, but it has never been exposed, coincidentally there was in a chaos at the moment, all kinds of emotions that had been burried deep suddenly revolted out, silently staring at Feng ming, her eyes flashed a determination, she got her hand into the sleeve.

Feng ming had finished his motive, standing while smiling.

Unexpectedly, woman's heart was deep like a sea, could change suddenly.

Suddenly two flash of lights just flew through, Chiu yue and chiu xing fell on the ground, the sword on Chiu yue's hand fell from her hand. Feng ming stunned and turned back, seeing each of their body was being punctured by two gold needle, don't need to say, it must be Miao guang's doing.

"Princess?"

Miao guang was very agitated, the soft voice became rising voice," I really don't understand, what's so good about you? Rong tian wants you, Brother King wants you, even I have been deceived and couldn't kill you."

Miao guang step by step approaching, she punctured him with the golden needle in her hand. Feng ming was having weak body for a long time, how could he avoid Miao guang's lightning skill, he screamed out a little, his whole body immediately felt weak, fell on the ground.

Miao guang although had a small and slim body, but her strength was not small, carrying Feng ming and coldly said," I don't want to kill you, and i don't want you to be killed by Brother King, but.....i don't want you and that damn Rong tian together too." after speaking, she gritted her teeth, her eyes showing hatred.

Feng ming fell upon Miao guang, realizing that Miao guang's expression seemed unusual, apparently being provoked, he shouted inside. But his mouth couldn't speak, body couldn't move, just like the day when he was being seized by Miao Guang and in a complete hopeless state. He was cursing himself to be so careless, and felt remorse.

Miao guang lifted Feng ming, took advantage of the chaos to slip out of the King's tent, in one glance seeing Ruo yan so angry while holding sword rushing this direction, immediately turned to the other side and detoured to the back of the tent, there were so many soldiers in chaos an panic, the voice of war could be heard everywhere, no one noticed her as princess and the Duke ming in his arm.

A neighing horse ran across from the side, there were many wounds in the horse's body, it seemed that the owner has died. Miao guang was fast and agile, grabbed the reins in one hold, she had learned a lot of a variety of techniques with the masters, beside the art of golden needle, the technique of horse-reining, less than a moment, this frighten horse had calmed down.

Miao guang horizontally placed Feng ming's weak body on the horse's back, tied with a rope.

"Horse ya horse, took Feng ming to a far far away place, don't let Brother King found him, also don't let Rong tian found him. What a pity, just go to the farthest place.

Feng ming smiled bitterly inside, although Miao guang seemed smart and intelligent, yet in critical time she showed out her childish side, putting him on the horse's back to be taken away, but he's afraid that he couldn't even get out from here had already been stabbed to death by the panic soldiers or burnt to death by the fire, He screamed 'unlucky' inside, meeting such a baffling little girl.

Miao guang yet didn't know what he was thinking inside, felt unwillingly to let Feng ming go, she stroked Feng ming's face, and suddenly whipped the horse.

The horse neighing loudly, carrying Feng ming and bolted away.

Feng ming suddenly jolted on the horse's back, watching the horse bolted in the chaos among the panic soldiers, passing through the burning tent one after another, the soldiers were screaming around.

His life was in danger!

The crazy horse crashed into the crowd of fighting soldiers, there were several times the sword flashed on top of his head, Feng ming only could close his eyes, he only could submit to his fate, if he could speak, he would shout Rong tian's name everywhere, but he couldn't say a single word, could only watch the Xi rei's and Li kingdom's soldiers fighting around him.

It's no problem died in Li troops' hand, but in case died in Xi rei troops's hand, that would be so wronged.

Fortunately, he was lying on the horse's back, and no movement, everyone would probably thought him as a dead soldier, no one cared about him, the constantly passing sword from his side was not really hurting him.

The horse bolted away, miraculously rushed out of the battlefield.
